Bumblemonkey had some new sidekicks for the day, named Kit and Sam. She gave them bee belts and explained to them how to get honey health.

Bumblemonkey thanked Kit and Sam for their help. They had got the money and key back and took Motley Turkey to say sorry to Donkey.

Bumblemonkey had picked up a letter from her rival, Motley Turkey. She led Kit and Sam to find Donkey and find out about his stolen money.

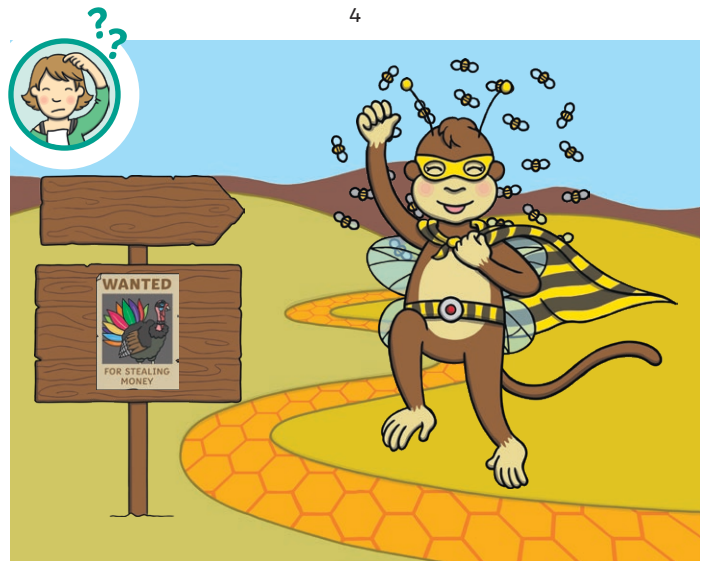

Bumblemonkey used her tail to take back Donkey's money.

"Hand over the key, too!" demanded Kit as he stretched his hand out. Motley Turkey had been found out. He hung his head in shame.

“Look! There he is!” Kit shouted, noticing a turkey feather sticking out from the third storey window.

“Well done! Let’s go and find Motley Turkey!” said Bumblemonkey.

Q2: Why did Bumblemonkey, Kit and Sam need to visit Donkey?

---

---

---

"I lost my key. Motley Turkey must have used it to let himself in and take my money!" Donkey reported.

"I saw it all!" squeaked Mouse. "He escaped over there and went down the chimney!"

Q3: What did Mouse say he saw?

---

---

Q4: What did Donkey lose?
