

Fluff's Animal Rescue

Fluff's Animal Rescue

A 'Let's Read Together!' Book

Mr Phillips is getting ready for a new addition to his family next month. Potion will be ready to go home after a check up at the vets and her injections.

Q1: Why were Year 2 visiting Fluff's Animal Rescue Centre?

March was the school's charity month. Year 2 visited Fluff's Adoption and Rescue Centre.

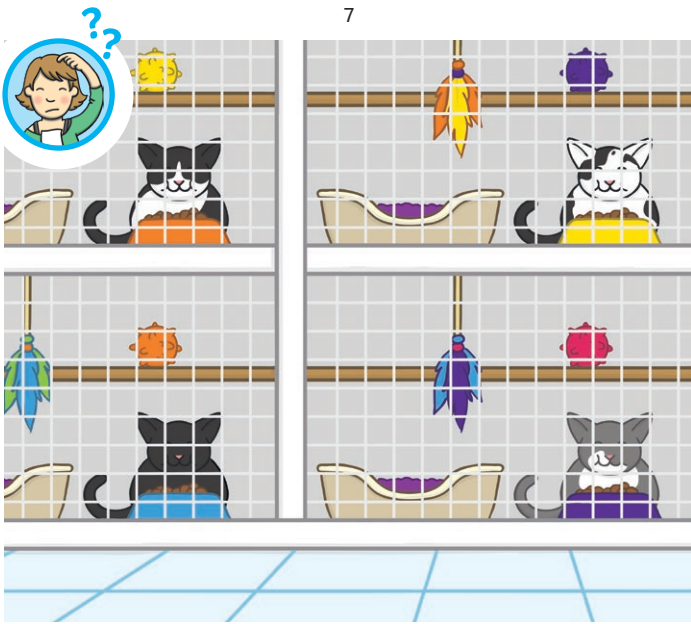

There was lots of information in the reception area. Mel introduced herself and she showed us the dog kennels and the groom room.

Q5: When will Mr Phillips take his new cat home?

Mel told us that adopting a new pet takes a lot of consideration. The centre checks that people have the right conditions at home before they can take their animal home.

Q3: Why did the staff name the cat Potion?

Q4: What did each cat have next to their enclosure?

In the groom room, the dogs were getting a bath and causing a commotion. The children entered a competition to name the dog that had just arrived.

Q2: What was causing a commotion in the groom room?

Mel showed the class the accommodation for the cats. Each cat had a description next to their enclosure. We met a cat called Potion – she was pure black, like a witch's cat.
