

Time for Playdough Song

(Sing to the tune of 'London Bridge is Falling Down'.)

Now it's time for playdough play,
Playdough play, playdough play.
Now it's time for playdough play,
Get your playdough.

Make your playdough long and thin,
Long and thin, long and thin.
Make your playdough long and thin,
Like a sausage.

(Children should roll the playdough between their hands.)

Roll your playdough in a ball,
In a ball, in a ball.
Roll your playdough in a ball,
Like a football.

(Children should roll the playdough between their hands.)

Squeeze your playdough in your hand,
In your hand, in your hand.
Squeeze your playdough in your hand,
It's so squishy.

(Children should squeeze the playdough in one hand and then the other.)

Squash your playdough thin and flat,
Thin and flat, thin and flat.
Squash your playdough thin and flat,
Like a pancake.

(Children should squash the playdough flat between their hands.)

Nip your playdough round the edge,
Round the edge, round the edge.
Nip your playdough round the edge,
Like a pizza.

(Children should nip the edge of the playdough between a thumb and finger.)

Push your fingers in the dough,
In the dough, in the dough.
Push your fingers in the dough,
Playdough playtime.

(Children should push each finger in turn into the playdough.)
