

# Matilda and Derek

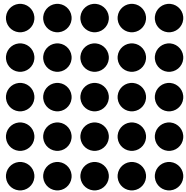

I can write multiplication and division statements for the 2, 5 and 10 times tables.

Write the multiplication or division sentence and fill in any gaps in the information.

1. 

$\underline{\quad} \times 2 = \underline{\quad}$	$\underline{\quad} \div 2 = 6$
--	--------------------------------

2. 

$5 \times \underline{\quad} = \underline{\quad}$	$\underline{\quad} \div 5 = 5$
--	--------------------------------

3. 

$3 \times \underline{\quad} = \underline{\quad}$	$\underline{\quad} \div \underline{\quad} = 3$
--	--

Draw jumps on the number line to show how you worked it out.

# Matilda and Derek

4.

Grandma gives me 4 10ps for my money box. How much money does she give me altogether?

$$4 \text{ } \underline{\quad} \text{ } 10 = \underline{\quad}$$

Draw jumps on the number line to show how you worked it out.

5.

I swim for 30 minutes. It takes me 5 minutes to swim each length. How many lengths do I swim?

$$30 \text{ } \underline{\quad} \text{ } 5 = \underline{\quad}$$

Draw jumps on the number line to show how you worked it out.

# Answers

1.  $6 \times 2 = 12, 12 \div 2 = 6$

2.  $5 \times 5 = 25, 25 \div 5 = 5$

3.  $3 \times 10 = 30, 30 \div 10 = 3$

4.  $4 \times 10 = 40$

5.  $30 \div 5 = 6$

# Matilda and Derek

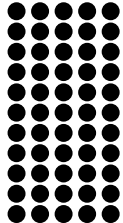

I can write multiplication and division statements for the 2, 5 and 10 times tables.

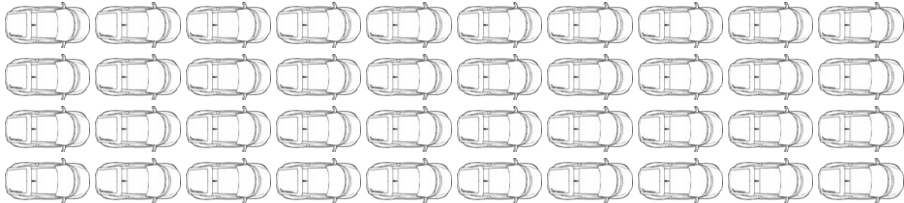

Write the multiplication or division sentence and fill in any gaps in the information.

1. 

$\underline{\quad} \times 2 = \underline{\quad}$	$\underline{\quad} \div 2 = \underline{\quad}$
--	--

2. 

$\underline{\quad} \times \underline{\quad} = \underline{\quad}$	$\underline{\quad} \div \underline{\quad} = \underline{\quad}$
--	--

3. 

$\underline{\quad} \times \underline{\quad} = \underline{\quad}$	$\underline{\quad} \div \underline{\quad} = \underline{\quad}$
--	--

Draw jumps on the number line to show how you worked it out.

# Matilda and Derek

4.

Grandma gives me 80p. The coins she gives me are all 10ps. How many 10ps does she give me?

Write your number sentence here:

5.

It takes me 5 minutes to swim a length and I swim 7 lengths. How long am I swimming for?

Write your number sentence here:

Draw jumps on the number line to show how you worked it out.

# Answers

1.  $9 \times 2 = 18, 18 \div 2 = 9$

2.  $11 \times 5 = 55, 55 \div 5 = 11$

3.  $4 \times 10 = 40, 40 \div 10 = 4$

4.  $80 \div 10 = 8$

5.  $7 \times 5 = 35$

# Matilda and Derek

I can write multiplication and division statements for the 2, 5 and 10 times tables.

Write the multiplication or division sentence and fill in any gaps in the information.

1.

Write as many number sentences as you can for this array.

2.

Write as many number sentences as you can for this array.

Can you write a multiplication or division puzzle to match the array? Don't forget to ask a question!

Draw jumps on the number line to match the array.

0 1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25 26 27 28 29 30 31 32 33 34 35 36 37 38 39 40 41 42 43 44 45

# Matilda and Derek

3.

Write a multiplication and a division sentence to go with the picture.

Can you write a puzzle to match the picture?

Draw jumps on the number line to match what you can see.

# Answers

1. Write as many number sentences as you can for this array.

$$12 \times 2 = 24, 2 \times 12 = 24, 24 \div 2 = 12, 24 \div 12 = 2$$

2. Write as many number sentences as you can for this array.

$$4 \times 5 = 20, 5 \times 4 = 20, 20 \div 5 = 4, 20 \div 4 = 5$$

Draw jumps on the number line to match the array.

Can you write a multiplication or division puzzle to match the array? Don't forget to ask a question!

*There are 4 rows of cars with 5 in each row. How many cars are parked altogether?*

*There are 40 cars parked in rows of 5. How many rows of cars are there?*

Accept any similar context.

3. Write a multiplication and a division sentence to go with the picture.

$$8 \times 5 = 40, 40 \div 5 = 8$$

Can you write a puzzle to match the picture?

*I have 8 Sps. How much money do I have altogether?*

*I have 40p, all my coins are Sps. How many coins do I have?*

Draw jumps on the number line to match what you can see.
