

# Animal Report

Name: \_\_\_\_\_ Date: \_\_\_\_\_

You have learned about various types of animal life cycles. Some animals (frogs and butterflies) undergo distinct stages during their lives, while others generally resemble their parents (rabbits, white tail deer).

Select an animal to study and research. Find information about that animal and its habitat. You will need to complete a written report and give a presentation to your classmates about your animal.

Criteria: The written report and presentation must include:

- a description and picture of your animal \_\_\_\_\_
- a description of your animal's habitat \_\_\_\_\_
- information about how your animal adapts to its environment \_\_\_\_\_
- at least 3 interesting facts about your animal \_\_\_\_\_
- presentation \_\_\_\_\_

Each item will be worth 20 points for a total of 100%.

Total Grade: \_\_\_\_\_
