

Living Things and Their Habitats | Local Habitats

I can map a habitat and identify what is in it.		
I can draw a map of a local habitat.		
I can draw and label the trees and plants.		
I can record or suggest which animals live there.		
I can classify objects as those that are living, dead and those that have never been alive.		
I can sort given objects into categories and give reasons for my choice.		
I can suggest my own objects to go into each of the categories.
