

# Using and Applying Challenge Cards

Using and Applying Challenge Cards

Can you use Scratch to add a new backdrop and character for a new topic such as space, the beach or the farm?

Using and Applying Challenge Cards

Can you find a picture from a book and recreate it on the computer using a particular style of art like pointillism or cubism?

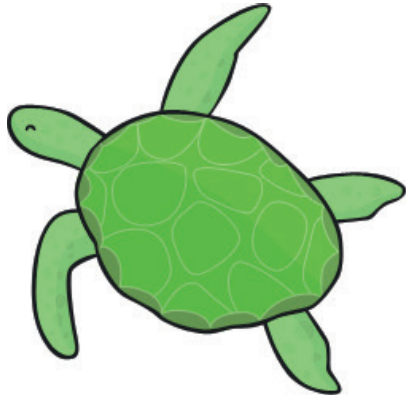

Using and Applying Challenge Cards

Can you create a presentation about your classroom?

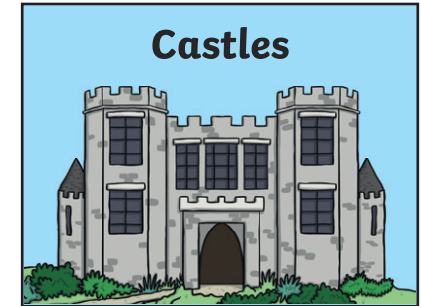

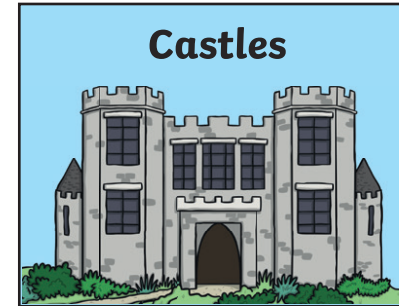

Using and Applying Challenge Cards

Use Scratch to program a turtle sprite that copies the same actions as Turtle Logo.

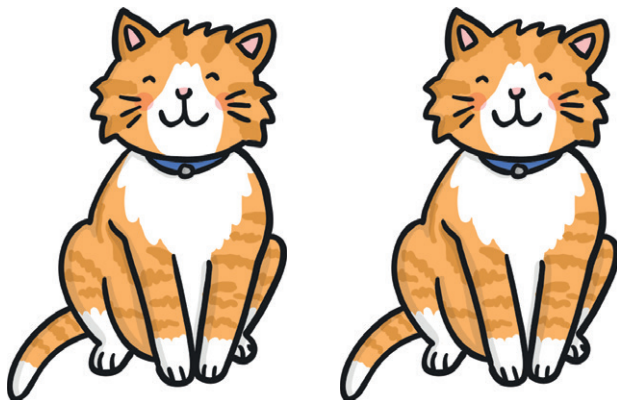

Using and Applying Challenge Cards

Insert a new slide into a presentation that is a copy (duplicate) of a slide you already have.

Using and Applying Challenge Cards

Copy and paste a picture in Paint so that you have two versions side by side.

Using and Applying Challenge Cards

Choose a sprite in Scratch that you can program to make it dance and jump.

Using and Applying Challenge Cards

Find out more about one of the artists you have studied in the computer art lessons– draw or write about them using appropriate software.
