

# Journey to School

Mum, what will we see today?

The same things we see every day?

We might just see a bright red bus

There it goes overtaking us!

A taxi waiting on the bend

Might just pick up my best friend.

An ambulance might go zooming past,

With blue lights flashing; safe and fast.

We might get stuck behind a digger

Or maybe something even bigger!

Will the bin men be doing their rounds?

I love the squashing, crunching sounds.

*Or will we look up in to the sky*

*And see a helicopter flying by?*

*Will we see the blue lights flash*

*As past us police cars zoom and dash?*

*We must take care as we drive today,*

*In case a bike comes along our way,*

*Mum, what will we see today?*

*The same things we see every day?*
