

Reading Aloud Ideas

Create a special storytelling area with storytelling chairs, capes, hats and other props.

Children could make their own storytelling hat to wear whilst reading aloud.

Have a selection of 'reading bears' in the book corner for children to read to.

Invite a special guest to come and read a story. Your guest could include another teacher, a parent or even a local author or poet!

Hold a storytelling café. Children could run a café and older children could share books with the younger pupils. You could invite parents, carers or grandparents to come to the café and read aloud with their children.
