Multiples of 50 Number Line

To count in steps of 50.

1. Write the first 10 multiples of 50, starting from 0.

2. Maria's job is to measure the length of the river at different points. To help her, she is counting in multiples but she has forgotten some of the numbers. Fill in the missing numbers. If the missing number is a multiple of 50, colour the box blue.

3. Circle the numbers that are multiples of 50.

a. 439 505 170 300 550

b. 740 420 1000 950 980

c. 603 151 559 550 650

d. 750 834 975 705 650

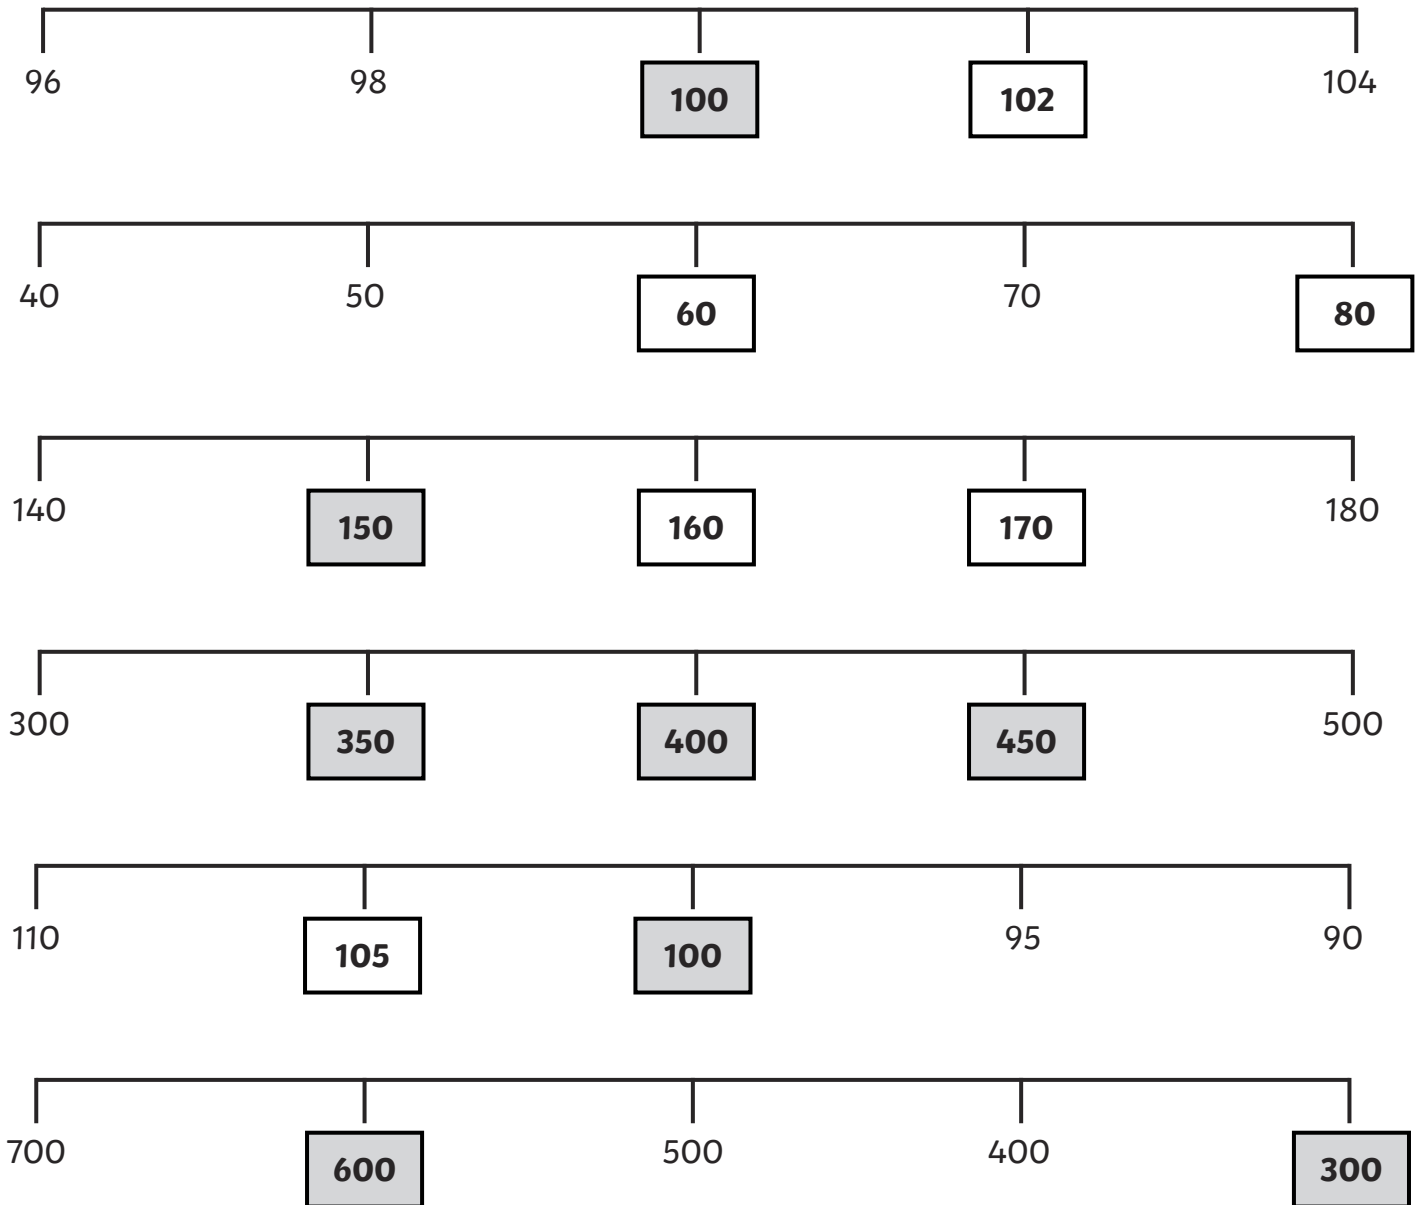

Multiples of 50 Number Line Answers

1. Write the first 10 multiples of 50, starting from 0.

0, 50, 100, 150, 200, 250, 300, 350, 400, 450, 500

2. Maria's job is to measure the length of the river at different points. To help her, she is counting in multiples but she has forgotten some of the numbers. Fill in the missing numbers. If the missing number is a multiple of 50, colour the box blue.

3. Circle the numbers that are multiples of 50.

- a. 439 505 170 **300** **550**
- b. 740 420 **1000** **950** 980
- c. 603 151 559 **550** **650**
- d. **750** 834 975 705 **650**

Multiples of 50 River Run

Help Sam find his route through the rapids by counting up in multiples of 50 from zero.

Start	50	100	150	2	3	1
4	11	30	200	16	18	22
38	33	300	250	55	48	28
52	58	350	60	62	58	65
62	320	400	450	500	550	73
77	88	90	720	65	600	93
94	98	888	750	700	650	93
104	108	56	800	60	98	96
103	105	138	850	900	950	Finish

On squared paper, design your own river run route, where the route is found through passing through multiples of 50.
