

Animations Disclaimer

We hope you find the information on our website and resources useful.

PowerPoint

This resource has been designed with animations to make it as fun and engaging as possible. To view the content in the correct formatting, please view the PowerPoint in “slide show mode.” This takes you from desktop to presentation mode. If you view the slides out of “slide show mode,” you may find that some of the text and images overlap each other and/or are difficult to read.

To enter slide show mode, go to the **slide show menu tab** and select either **from beginning** or **from current slide**.

Slides

This resource has been designed with animations to make it fun and engaging for children. To ensure the content has the correct formatting, please view the presentation in “present mode.” This takes you from edit mode to presentation mode. If you view the slides out of “present mode,” you may find that some of the text and images overlap each other and/or are difficult to read.

To enter present mode, go to the **“Present”** tab and select **“Present from beginning”** or simply click **“Present”** to play from the current slide.

Snow Leopards

What do you notice about this snow leopard and its surroundings?

The snow leopard's tail can grow to 80 -100 cm. It provides both balance and warmth.

There are usually at least two or three snow leopard cubs in each litter.

How do wide paws prove to be a helpful feature for snow leopards?

Though this snow leopard is in captivity, the rocks make it feel at home because its native habitat includes rocky terrain.

What physical features help a snow leopard survive in frigid weather?

Snow leopard cubs live with their mothers until they are almost two years old.
