

Where Am I?

Inference Skills Cards

1. Where Am I?

Lucy sat with her cat, Masie, on her lap. They both looked nervously towards the door. A dog with a bandage on its tail came out of the room as a voice called, "Next!"

2. Where Am I?

There was a smell of chlorine in the air as Fetu came out of the changing rooms. A small child with armbands ran past him.

3. Where Am I?

Katie approached the enclosure with big eyes. A tiny monkey sat trying to open a banana.

4. Where Am I?

Lottie pushed off from the side, holding onto her dad's arm very tightly for warmth and balance. More confident people skated past them, nearly causing Lottie to fall over.

5. Where Am I?

The sirens screamed as they turned another sharp corner. Inside, Nila gave a little moan of pain as she was given an injection in her arm.

6. Where Am I?

Amaia climbed the steps and put her card on the scanner. She would need to top it up soon. There were lots of people and not many places left to sit. She walked towards the back and almost lost her balance as the driver took off before she sat down.

7. Where Am I?

Tia sat on the chair, with her mouth open, staring into the light. There was a little basin beside the chair and a small tray with scary looking instruments on it.

8. Where Am I?

Mi sat reading her magazine with the foils in her hair. All around her, people were chatting. The noise of the dryers was almost deafening.

9. Where Am I?

Martin looked down at his list and checked off what he already had. Then, he looked up at the sign to see where he would find the spices he needed.

10. Where Am I?

Sydney scanned the paper under the machine and waited as the labels printed out. She joined her family as they stared at the departure board. "Our gate is just over there, but we have a while until takeoff, so why don't we have a look at the gift shop?" said Dad.

11. Where Am I?

Arlo frowned as he thought hard about what would go with the tulips better, the carnations or the roses?

12. Where Am I?

Dan didn't know where to start; there were just so many aisles. He stared at the action figures and the remote-controlled cars. He couldn't wait until his birthday and his gran giving him money so that he could come back here.
