

# Seconds Minutes Days Years

# Seconds in a Minute

Mariam and Mohammed know how many seconds are in a minute.

They work together to calculate the number of seconds for each of these world records:

## Athletics

800m (men)

1 minute, 40.91 seconds

100.91 seconds

1500m (women)

3 minutes, 50.07 seconds

230.07 seconds

Wheelchair 5000m (men)

9 minutes, 49.17 seconds

589.17 seconds

Wheelchair 1500m (women)

3 minutes, 13.27 seconds

193.27 seconds

## Swimming

200m medley

(women)

2 minutes, 6.2 seconds

126.2 seconds

4 x 100m medley  
relay (men)

3 minutes, 27.28  
seconds

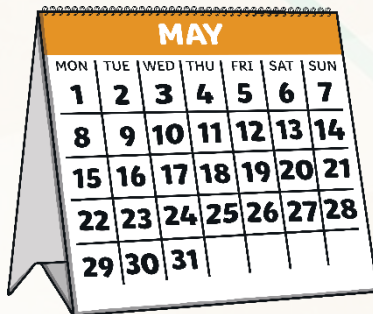

207.28 seconds

# Days in a Month

Ruby knows there is a rhyme to help remember the number of days in each month, but she wants to come up with her own way to remember the months with **30 days** and those with **31 days**, as well as February.

Can you come up with your own way?

## 30 days:

April, June,  
September,  
November

## 31 days:

January, March,  
May, July, August,  
October, December

# Days in a Month (Idea)

Here is Ruby's idea:

Ape June Said Number 30  
Jan Marching May Just  
About Order 31 Decks
