These represent people, places and things.	These show ownership and replace possessive noun phrases.	These link one part of a sentence to another by introducing a relative clause that describes an earlier noun or pronoun.	These refer back to an earlier noun or pronoun in a sentence, so the performing and receiving of an action apply to the same person or thing.	These function as subjects of objects in a sentence, replacing nouns.	These are used to ask questions and represent an unknown subject or object.	These do not refer to any specific person or thing, but take the place of nouns in a sentence.
