

# Word Search

## Creating Adverbs Using the Suffix -ly (where the root word ends in 'le')

Make a word search using the grid below using adverbs where the 'le' has changed when the suffix -ly has been added. Write the words into the wordsearch and then fill in the gaps with random letters from the alphabet. You will also need to write the spelling words below the wordsearch too. Ask your friends and family if they can find the words in the wordsearch or see if you can remember where they are.
