Regent Studies | www.regentstudies.com

Illustrations

- Fiction books often include illustrations.
- Why do you think books include illustrations?

Written in Chapters

- Each chapters tells a part of the story.
- Chapters sometimes end on a cliffhanger to keep the reader interested and to build tension.
- Chapters often have a common theme such as:
 - Time
 - setting
 - characters involved.

Non-Fiction

Atlas

Key Features

- Tell the reader information
- Contents page
- Glossary
- Index
- Diagrams and labels
- Interesting facts

Contents Page

- A contents page lists the sections of information in the book and how to find the information.
- The reader does not need to read a non-fiction book from front to back, they can pick out the parts which interest them.

Glossary

- A non-fiction book includes lots of technical vocabulary linked to the topic.
- A glossary explains what the technical words mean.
- A glossary is in alphabetical order.

Index

- An index page helps the reader locate information quickly.
- The reader will look for a key word in the index and it will tell them which pages that the word will be found on.
- An index is in alphabetical order.

Diagrams and Labels

- Diagrams and labels are included to help the reader understand the information.
- Labels and arrows are often used to help the reader locate the information quickly.

Fiction or Non-Fiction

Can you match these features to the correct genre?

- Has an index?
- Has a glossary?=
- Is written in chapters?
- Is written in a chronological order?
- Gives the reader information?
- Has an index?
- May have illustrations?
- Tells a story?
- Has diagrams and labels?

Non-Fiction

- Diagrams and labels are included to help the reader understand the information.
- Labels and arrows are often used to help the reader locate the information quickly.
