

Stars

Carefully and neatly copy the following passage

In the sky, you can see the sun, stars and the moon.

The sun is up during the day. It is very hot. The sun

gives us light and heat. Plants need the sun to grow.

We can see the stars at night. They give off light and heat,

like the sun. That is because the sun is a star too! There are

more stars than we can count.

Handwriting practice lines consisting of multiple sets of solid top and bottom lines with a dashed midline.
