

Multiplication and Division | Doubling and Halving

I can use halving and doubling as a strategy for mental multiplication and division.		
I can halve numbers by dividing them by 2.		
I can double numbers by multiplying them by 2.		
I can use partitioning to halve and double larger numbers.		
I can create and continue halving and doubling sequences.		

Multiplication and Division | Doubling and Halving

I can use halving and doubling as a strategy for mental multiplication and division.		
I can halve numbers by dividing them by 2.		
I can double numbers by multiplying them by 2.		
I can use partitioning to halve and double larger numbers.		
I can create and continue halving and doubling sequences.		

Multiplication and Division | Doubling and Halving
