Multiplication and Division | Expanded Multiplication with Two-Digit Numbers

I can multiply two-digit by one-digit numbers using expanded multiplication.		
I can set out the calculation correctly.		
I can partition the calculation and multiply the ones then the tens.		
I can add the two calculations together to find the answer.		

Multiplication and Division | Expanded Multiplication with Two-Digit Numbers

I can multiply two-digit by one-digit numbers using expanded multiplication.		
I can set out the calculation correctly.		
I can partition the calculation and multiply the ones then the tens.		
I can add the two calculations together to find the answer.		

Multiplication and Division | Expanded Multiplication with Two-Digit Numbers
