

Animal Homes

A fox lives in a den.

A mole lives in a burrow.

An otter lives in a holt.

A hare lives in a form.

A badger lives in a sett.

A squirrel lives in a drey.

A hedgehog builds a nest in the autumn.

A beaver lives in a lodge.

A wild rabbit lives in a warren.

Domestic animals

A rabbit lives in a hutch.

A pig lives in a sty.

A horse lives in a stable.

A cow lives in a barn.

A chicken lives in a coop.

A dog lives in a kennel.

Can you remember where otters live?

Do you know how beavers make their lodge?

Think of three other animals and write where they live.
