

Disclaimer

The nature of this resource requires independent, child-led research. It is advisable to use only pre-selected, child-appropriate sources of information and websites that are appropriate to their age. Please also be aware that there may be aspects of a topic or individual's life which may be controversial or upsetting to some. Due to this, we highly recommend that you carefully consider all research activities before undertaking them with children.

Photo: A child with a bone anchored hearing aid.

Explore

Learn about the British Sign Language Bill using this [NewsRoom Article](#).

Photo: A variety of hearing aids.

Investigate

Investigate different types of hearing aids and implants.

How do they work? Which are most common? When were they first invented?

Use the Internet and reference books to find the answers.

Write

Design your very own doll.

See if you can make a unique doll design.

You could try and base its design on yourself, someone you know or you could be completely creative and simply use your imagination.

What will make it stand out from other dolls?

After you have drawn it, write a description of the doll.

- Does it have a name?
- What is its personality like?
