# Convert Nouns or Adjectives into Verbs Using the Suffix -ate

This week, we are starting to look at how nouns and adjective root words can be changed into verbs using suffixes.

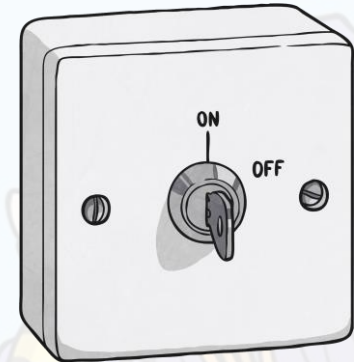

We are going to start by concentrating on using the suffix -ate.

medicate

communicate

activate

Can you sort the following –ate verbs into the correct places in the table according to how they have been formed?

pollinate

captivate

activate

motivate

communicate

medicate

elasticate

hyphenate

alienate

validate

Simply adding the –ate suffix to a noun or adjective root word

Removing the ‘e’ from the end of noun or adjective root word before adding –ate

Changing an –ation noun to an –ate verb

Sometimes the root word itself changes and you just have to learn that particular spelling
