Fore to Aft Description Prepositions

Listen again to the Sound Story Chapter 1, pausing the recording whenever you need to. Imagine you were walking from the fore (front) to the aft (rear) of the pirate ship. Describe what you would see on each part of the deck is as much detail as you can. If you wish, you can use the Deck Equipment Images to help you describe some of the things mentioned in the Sound Story.

Remember to use a range of prepositions or prepositional phrases to describe where the things are. If you wish, you can use the Prepositions for Position Word Mat to help you.

Fore to Aft Description Prepositions

Text Challenge! Can you create a script for a tour guide for a replica pirate ship, pointing out to tourists the whereabouts the features on a pirate ship's deck would have been and a brief explanation of the purpose of each feature?
