Multiplication and Division | Build It

| I can use known facts to multiply and <br> divide mentally. |  |  |
| :--- | :--- | :--- |
| I use factors to make multiplication and <br> division calculations easier. |  |  |
| I can multiply by 9 and 11 by multiplying <br> by 10 and adjusting. |  |  |
| I can multiply by 5 by multiplying by 10 <br> and halving. |  |  |
| I can multiply by 50 by multiplying by 100 <br> and halving. |  |  |

## Multiplication and Division | Build It

| I can use known facts to multiply and <br> divide mentally. |  |  |
