

# Maths Mastery

**Read, Write, Order and  
Compare Decimals**

# Read Decimal Numbers

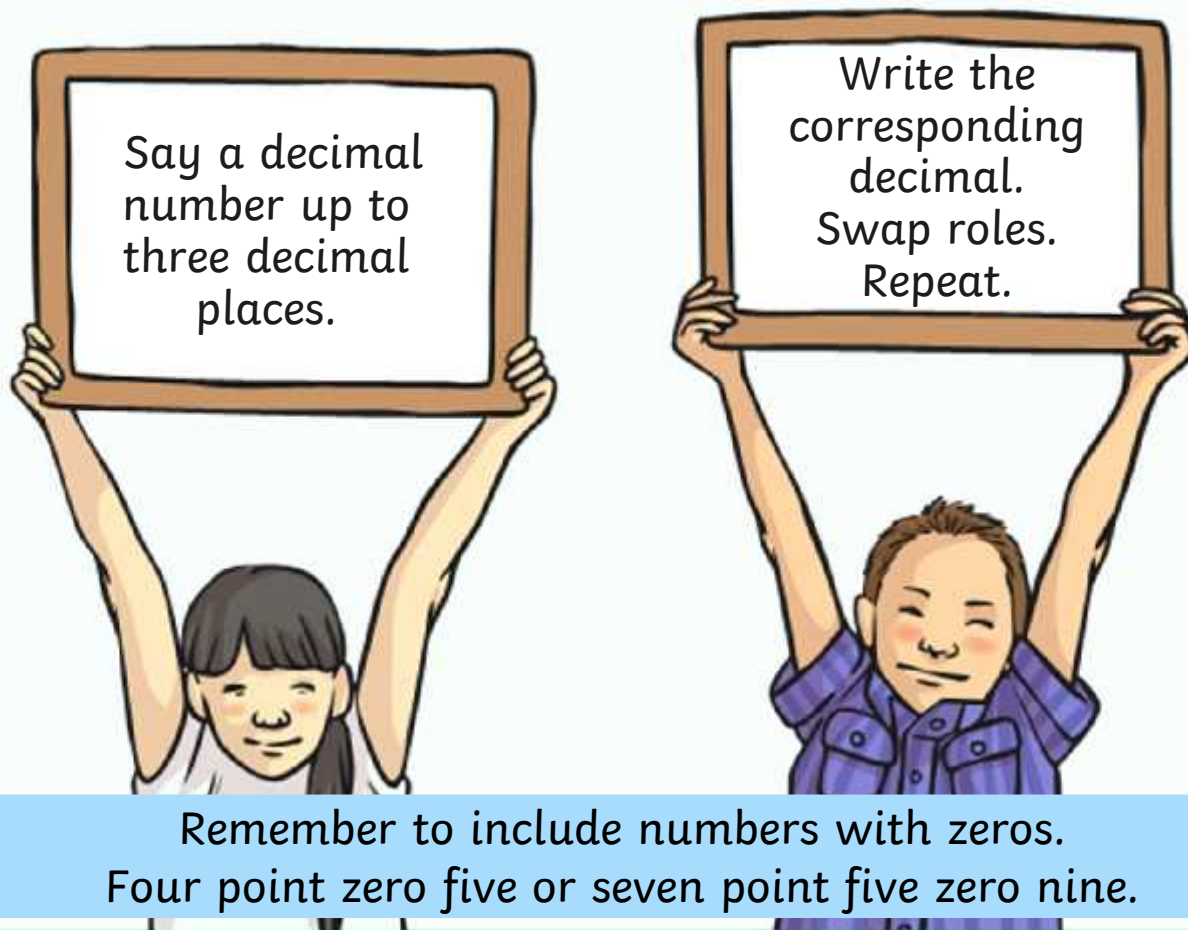

Work with a partner.

Remember to include numbers with zeros. 0.045 or 2.903

# Write Decimal Fractions

Work with a partner.

# Compare Decimal Numbers

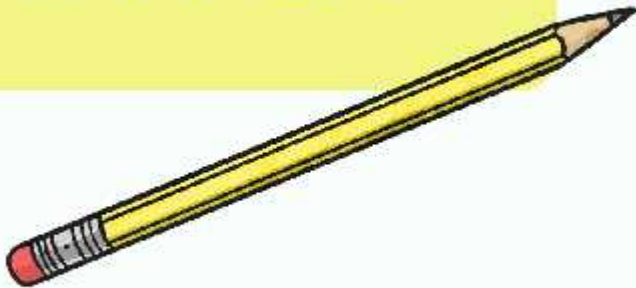

Work with a partner. Each partner writes a decimal number with up to three decimal places less than 1.

Compare the numbers and write the correct sign between the numbers that shows more than, less than or equal to.

0.927

>

0.561

# Order Decimal Numbers

Work with a small group. Roll three dice. Using the three digits, each member writes a decimal number with three decimal places less than 1.

0.526

0.625

0.562

0.256

Order the numbers from smallest to largest.
