

Morphology Memory

Teacher Instructions

This is a game for more than one player. To prepare the game, print and cut up each of the cards. To play the game, turn all of the cards over so that they cannot be seen.

The aim is to match the morpheme (prefix or suffix) with the word that contains that morpheme. The first player turns over two cards. If the word and the morpheme match, then they keep both of the cards. If the word and the morpheme do not match then they return the cards so that they are face down. At the end of the game, the player with the most cards is the winner. Have fun!
