

Japanese Manga

What Is Manga?

Manga is a type of comic from Japan. Unlike the colourful comic book styles from the USA and Europe, Japanese manga is almost always black and white. Like other Japanese texts, manga is read from right to left.

Sometimes people confuse manga and **anime** but they are two different things. Manga generally means books and comics. The term anime describes films and television series. However, manga and anime are closely linked. Popular manga titles are often made into anime series.

Manga is written by artists called **mangaka**. Some mangaka attend special manga schools and others learn their skills by working with a trained mangaka.

History of Manga

The term manga was first used in 1798 to describe a picture book by Santō Kyōden called 'Shiji no Yukika', which means the four seasons. In 1814, a famous Japanese artist named Hokusai used the term manga for one of his sketchbooks.

His collection of sketches called 'Hokusai Manga' included pictures of daily life and drawings inspired by Japanese **mythology**.
