

# Rounding to Significant Figures

Round each number to the given degree of accuracy. Then, use the key to shade each section in the correct colour.

(1s.f.) = Round the given number to 1 significant figure.

(2s.f.) = Round the given number to 2 significant figures.

(3s.f.) = Round the given number to 3 significant figures.

## Example

45.06 (2s.f.) would mean you round 45.06 to 2 significant figures. The answer is 45, therefore, you would shade this section light blue.

Yellow	Green
0.001 to 0.501	0.502 to 25
Light Blue	Dark Blue
26 to 49.4	49.5 to 74
Pink	Purple
75 to 100	More than 100

# Rounding to Significant Figures **Answers**

Round each number to the given degree of accuracy. Then, use the key to shade each section in the correct colour.

(1s.f.) = Round the given number to 1 significant figure.

(2s.f.) = Round the given number to 2 significant figures.

(3s.f.) = Round the given number to 3 significant figures.

## Example

45.06 (2s.f.) would mean you round 45.06 to 2 significant figures. The answer is 45, therefore, you would shade this section light blue.

<b>Yellow</b> 0.001 to 0.501	<b>Green</b> 0.502 to 25
<b>Light Blue</b> 26 to 49.4	<b>Dark Blue</b> 49.5 to 74
<b>Pink</b> 75 to 100	<b>Purple</b> More than 100
