Instructions

1. Assign a colour to each team – blue or yellow.
2. Students are to select a circle on the bottom row of the grid and work their way upwards. If they can tell you the correct comparative and superlative adjective for that word, click on the circle to remove the text and reveal the answer. Change the colour of that word to the corresponding team colour.
3. The first team to get four tokens in a row, column or diagonally wins!
4. To restart the game, exit the PowerPoint and open it again.
