

Diving into Mastery

Multiply 4 Digits by 1 Digit

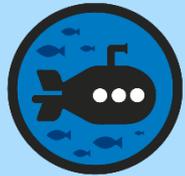

Diving into Mastery Guidance for Educators

Each activity sheet is split into three sections, diving, deeper and deepest, which are represented by the following icons:

Diving

Deeper

Deepest

These carefully designed activities take your children through a learning journey, initially ensuring they are fluent with the key concept being taught; then applying this to a range of reasoning and problem-solving activities.

These sheets might not necessarily be used in a linear way. Some children might begin at the 'Deeper' section and in fact, others may 'dive straight in' to the 'Deepest' section if they have already mastered the skill and are applying this to show their depth of understanding.

Aim

- Multiply numbers up to 4 digits by a one- or two-digit number using a formal written method, including long multiplication for two-digit numbers.

Multiply 4 Digits by 1 Digit

Diving

Thousands	Hundreds	Tens	Ones
●	● ●	● ● ●	●
●	● ●	● ● ●	●
●	● ●	● ● ●	●

Write the multiplication calculation which is represented by the place value counters.

	1	2	3	1
x				3
<hr/>				
	3	6	9	3
<hr/>				

Multiply 4 Digits by 1 Digit

● ● ●	●		● ● ● ● ●
● ● ●	●		● ● ● ● ●

Write a word problem which could be solved by the calculation represented by the place value counters.

The place value counters show 3105×3 .

Here is one possible word problem:

Jasmine packs 3105 pies a day.

How many pies does she pack after 3 days?

Multiply 4 Digits by 1 Digit

Deepest

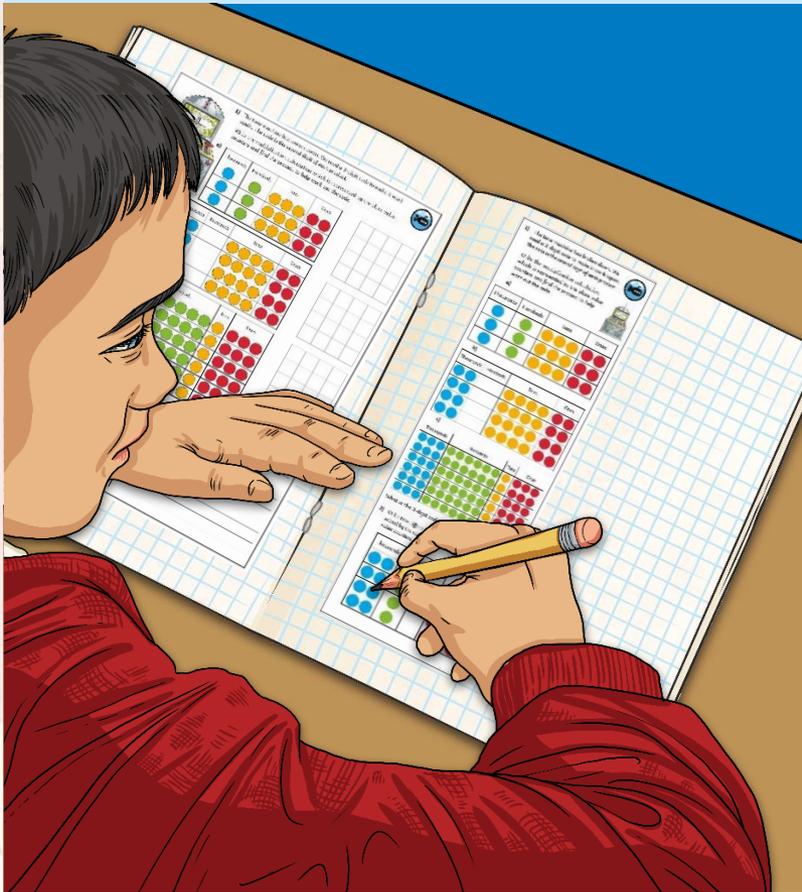

Can you identify the missing digits in these calculations?

		3	2	1	4
	x				3
	<hr/>				
		9	6	4	2
	<hr/>				
				1	
		5	0	2	4
	x				5
	<hr/>				
	2	5	1	2	0
	<hr/>				
			1	2	

Multiply 4 Digits by 1 Digit

Dive in by completing your own activity!

1) Harry has been practicing short multiplication. Identify and explain the errors he has made.

$$\begin{array}{r} 2314 \\ \times \quad 3 \\ \hline 69312 \end{array}$$

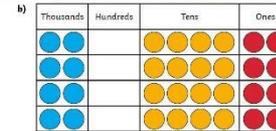

$$\begin{array}{r} 3043 \\ \times \quad 4 \\ \hline 12162 \end{array}$$

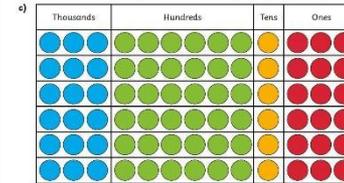

$$\begin{array}{r} 5206 \\ \times \quad 3 \\ \hline 31296 \end{array}$$

$$\begin{array}{r} 4310 \\ \times \quad 3 \\ \hline 3448 \end{array}$$

1) The time machine has broken down. We need a 3-digit code to make it work again. The code is the second digit of each product. Write the multiplication calculation which is represented by the place value counters and find the product to help work out the code.

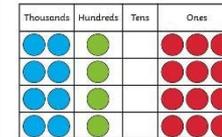

What is the 3-digit code?

--	--	--

2) Write two different word problems which could be solved by the calculation represented by the place value counters.

Need Planning to Complement this Resource?

National Curriculum Aim

Multiply numbers up to 4 digits by a one- or two-digit number using a formal written method, including long multiplication for two-digit numbers.

For more planning resources to support this aim, [click here](#)

Short Circuit
Use a range of strategies to solve problems involving multiplication and division.

Journey through Time

Regrouping Checkup
Use a range of strategies to solve multiplication problems involving two-digit numbers.

Multiplication and Division: Journey through Time

Step	Trap	Trapped in Time
1	1. Write down the numbers in columns.	1. Write down the numbers in columns.
2	2. Multiply the ones column.	2. Multiply the ones column.
3	3. Multiply the tens column.	3. Multiply the tens column.
4	4. Add the two products.	4. Add the two products.

Sydney the Sausage Dog
Use a range of strategies to solve problems involving multiplication and division.

Canine Calculations

Checkup
Use a range of strategies to solve multiplication problems involving two-digit numbers.

Multiplication and Division: Canine Calculations

Step	Canine	Canine	Canine Calculations
1	1. Write down the numbers in columns.	1. Write down the numbers in columns.	1. Write down the numbers in columns.
2	2. Multiply the ones column.	2. Multiply the ones column.	2. Multiply the ones column.
3	3. Multiply the tens column.	3. Multiply the tens column.	3. Multiply the tens column.
4	4. Add the two products.	4. Add the two products.	4. Add the two products.
