

Pencil Control: Loops and Curves 1

Can you follow the lines to make the curves?

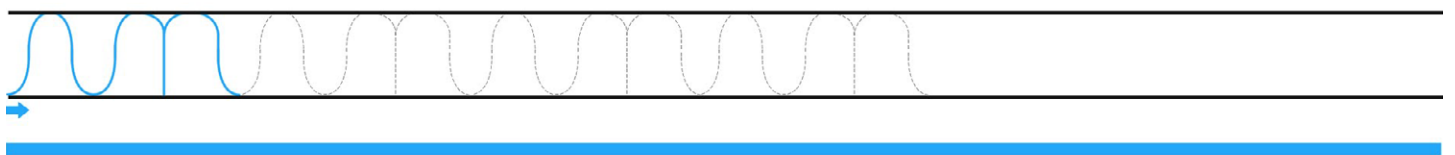

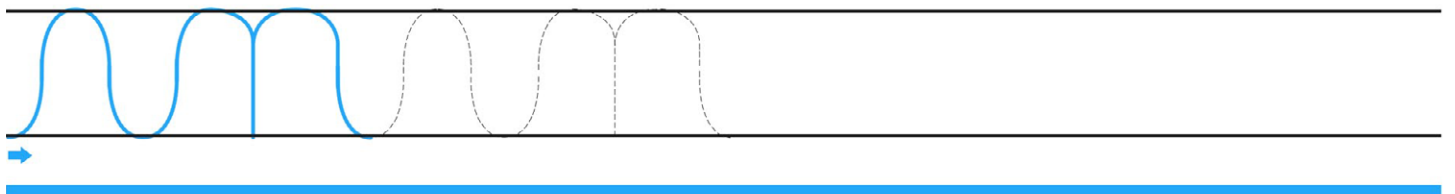

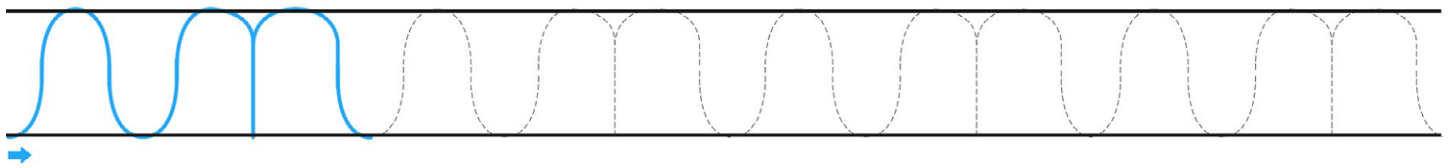

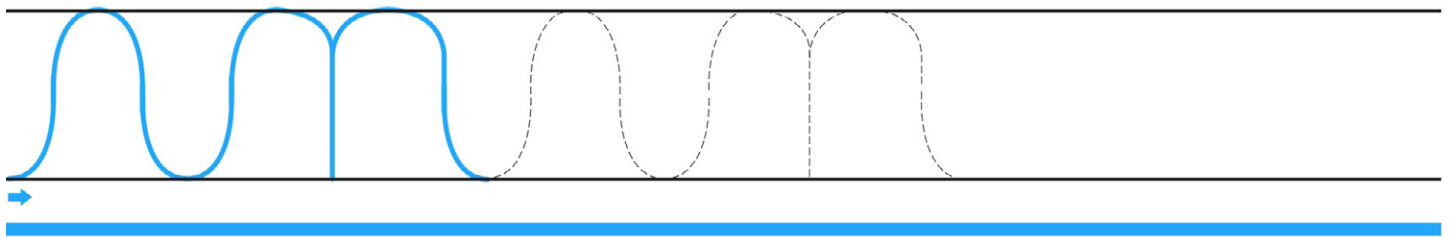

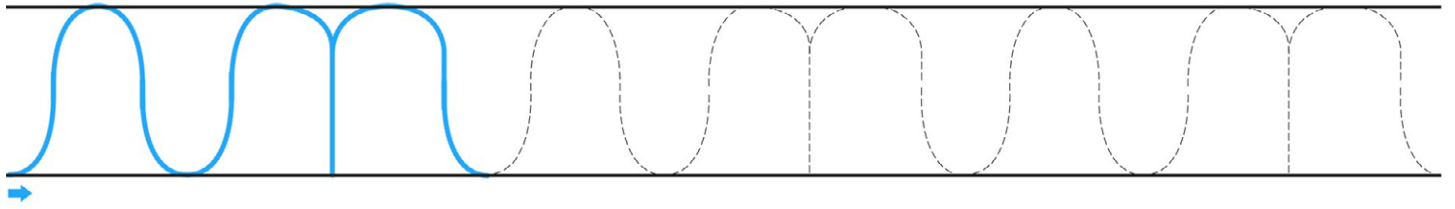

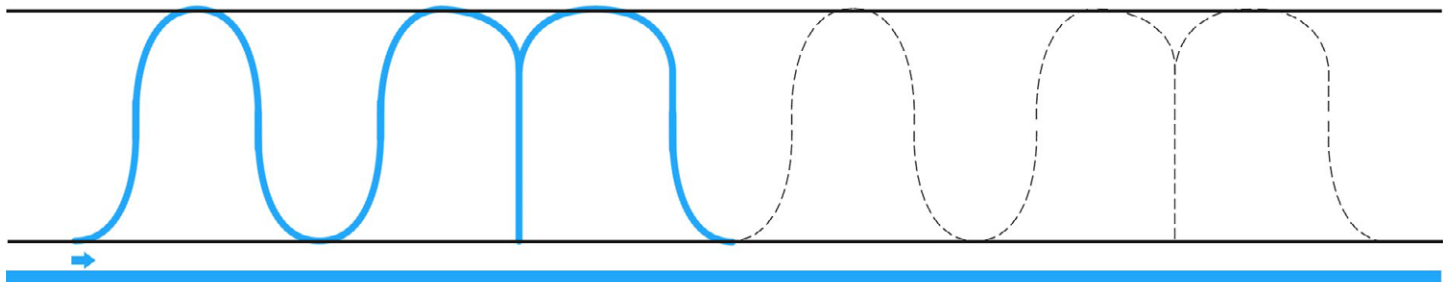

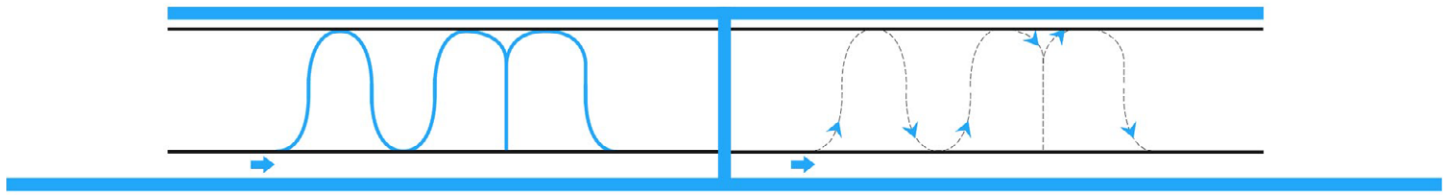

Pencil Control: Loops and Curves 2

Can you follow the lines to make the curves?

The image contains ten rows of handwriting practice. Each row is defined by four horizontal lines: a top blue line, a middle black line, a baseline black line, and a bottom blue line. The first row is divided into two sections by a vertical blue line. The left section shows a solid blue line with a right-pointing arrow, followed by a series of connected arches. The right section shows a dashed line with a right-pointing arrow and a small downward-pointing arrow, followed by a series of connected arches. The second row shows a solid blue line with a right-pointing arrow, followed by a dashed line with a right-pointing arrow. The third row shows a solid blue line with a right-pointing arrow, followed by a dashed line with a right-pointing arrow. The fourth row shows a solid blue line with a right-pointing arrow, followed by a dashed line with a right-pointing arrow. The fifth row shows a solid blue line with a right-pointing arrow, followed by a dashed line with a right-pointing arrow. The sixth row shows a solid blue line with a right-pointing arrow, followed by a dashed line with a right-pointing arrow. The seventh row shows a solid blue line with a right-pointing arrow, followed by a dashed line with a right-pointing arrow. The eighth row shows a solid blue line with a right-pointing arrow, followed by a dashed line with a right-pointing arrow. The ninth row shows a solid blue line with a right-pointing arrow, followed by a dashed line with a right-pointing arrow. The tenth row shows a solid blue line with a right-pointing arrow, followed by a dashed line with a right-pointing arrow.

Can you follow the lines to make the curves?

Pencil Control: Loops and Curves 4

Can you follow the lines to make the curves?

This handwriting practice sheet is divided into eight horizontal rows, each bounded by a thick blue line at the top and bottom. Each row contains a series of curves between two horizontal black lines. The first row is a legend: the left half shows solid blue curves with arrows indicating the direction of the pencil stroke, and the right half shows dashed curves with arrows indicating the direction. The second row contains solid blue curves followed by dashed curves for tracing. The third row contains solid blue curves followed by dashed curves for tracing. The fourth row contains solid blue curves followed by dashed curves for tracing. The fifth row contains solid blue curves followed by dashed curves for tracing. The sixth row contains solid blue curves followed by dashed curves for tracing. The seventh row contains solid blue curves followed by dashed curves for tracing. The eighth row contains solid blue curves followed by dashed curves for tracing.

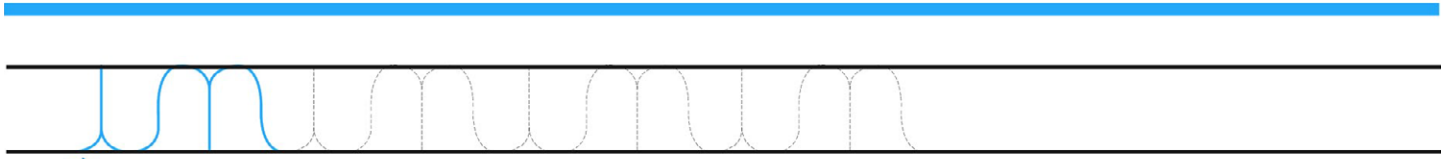

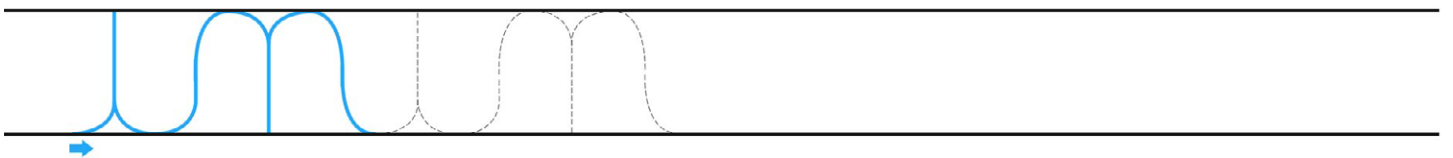

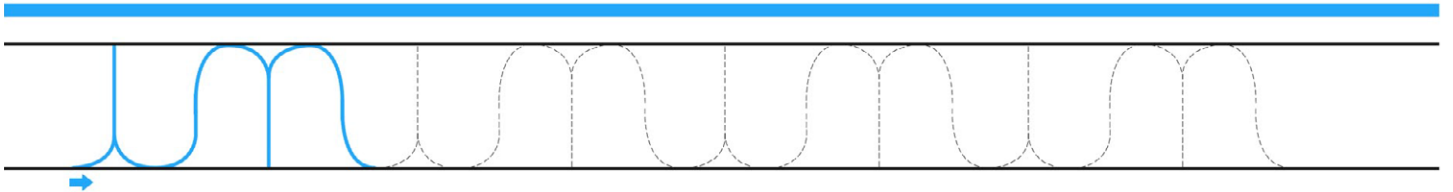

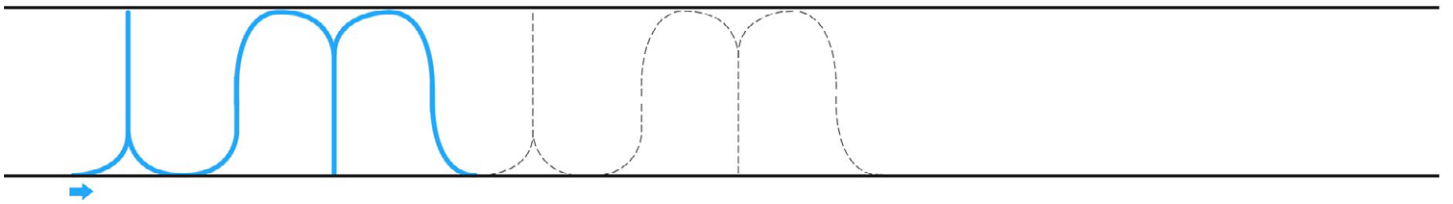

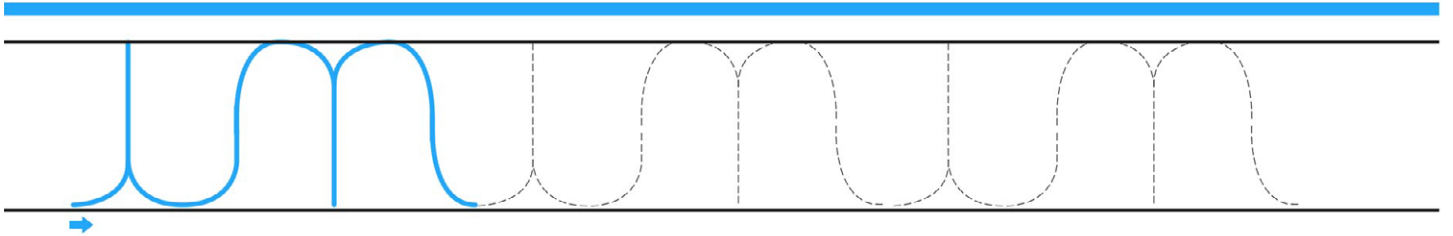

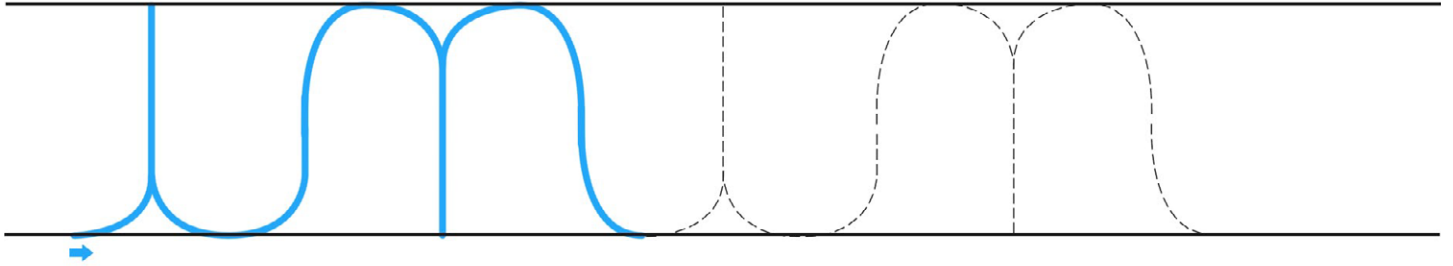

Pencil Control: Loops and Curves 5

Can you follow the lines to make the curves?

The worksheet consists of eight rows of handwriting practice. Each row is bounded by a thick blue horizontal line at the top and a thick blue horizontal line at the bottom. The first row is divided into two sections by a vertical blue line. The left section shows a solid blue curve starting from the top line, dipping down, and returning to the top line. The right section shows a dashed curve with blue arrows indicating the direction of movement. The second row shows a solid blue curve followed by a dashed curve. The third row shows a solid blue curve followed by a dashed curve. The fourth row shows a solid blue curve followed by a dashed curve. The fifth row shows a solid blue curve followed by a dashed curve. The sixth row shows a solid blue curve followed by a dashed curve. The seventh row shows a solid blue curve followed by a dashed curve. The eighth row shows a solid blue curve followed by a dashed curve.

Can you follow the lines to make the curves?

This handwriting practice sheet is divided into eight horizontal rows, each bounded by a thick blue line at the top and bottom. Each row contains a series of curves between two thin black lines. The first row is split by a vertical blue line. To the left of the line, there are four solid blue curves. To the right, there are four dashed curves with small blue arrows indicating the direction of the stroke. The second row contains three solid blue curves followed by three dashed curves. The third row contains two solid blue curves followed by four dashed curves. The fourth row contains two solid blue curves followed by one dashed curve. The fifth row contains two solid blue curves followed by six dashed curves. The sixth row contains two solid blue curves followed by one dashed curve. The seventh row contains two solid blue curves followed by five dashed curves. The eighth row contains two solid blue curves followed by four dashed curves. Each row begins with a small blue arrow pointing to the right, indicating the starting point and direction of the curves.
