

Adult Teaching Suggestions

We hope you find these Pre-Key Stage Standard suggestions useful. Please be aware that the suggestions and resources mentioned are potential ways to check understanding relating to the relevant strands. Other resources may be needed in addition to those suggested.

Strand A

The pupil can demonstrate an understanding of the concept of transaction (e.g. by exchanging a coin for an item, or one item for another, during a role-play activity).

Task

Role-Play Money

Use the role-play packs to encourage pupils to develop the understanding of transaction by exchanging real-life or **role-play money**, in return for items in the various role-play settings such as the **supermarket**, **café** or **post office**.

Wallets/Purses

Use wallets, purses, bags and other role-play items to make the concept of transaction meaningful and as real-life as possible. Use the **purse templates**.

Visits/Trips

During off-site visits or trips, support pupils to use money to purchase items by exchanging coins or items. Encourage parents/carers to allow children to engage in transactions using money in the local community, such as at the post office, local shop or when buying an ice cream or getting the bus.

Explore and Discover More

Below are some links to more pre-key stage standard resources that will help and support you with the statutory framework. All the resources have been created by our team of specialists.
