

Lots vs One

Instructions: Cut out the items, laminate and add Velcro for multiple use. The baseboards can also be laminated with Velcro added. The student has to match the items to the correct picture. If using Velcro, add the Velcro in strips to ensure the difference between 'lots' and 'one' is understood, rather than matching the items to the number of Velcro pieces.

Here is one jumper.

Here are lots of jumpers.

Lots vs One

Instructions: Cut out the items, laminate and add Velcro for multiple use. The baseboards can also be laminated with Velcro added. The student has to match the items to the correct picture. If using Velcro, add the Velcro in strips to ensure the difference between 'lots' and 'one' is understood, rather than matching the items to the number of Velcro pieces.
