Adult Teaching Suggestions

We hope you find these Pre-Key Stage Standard suggestions useful. Please be aware that the suggestions and resources mentioned are potential ways to check understanding relating to the relevant strands. Other resources may be needed in addition to those suggested.

Strand D

The pupil can copy and continue more advanced patterns using real-life materials (e.g. apple, orange, apple, apple, orange, etc.).

Task

Activity One - Copy and Continue

Provide pupils with a range of real-life, practical materials, such as fruit, vegetables, natural materials, food items (check allergens), clothing and shells to be able to copy and continue more advanced patterns. Use the **Pattern Frames Activity Sheet** to provide a scaffold, setting out patterns for the pupil to continue.

Activity Two – What’s Missing?

Using a variety of real-life materials, arrange a repeating pattern, e.g. leaf, leaf, conker, leaf, leaf, conker and then leave a ‘space’ in the pattern to see if pupils can complete the pattern by inserting the correct item. Repeat the activity with a variety of different real-life materials.

Activity Three - Food Sequencing

Set up patterns using food items for pupils to copy and continue. Pupils can then use the **Workstation Food Sequences Pack** to apply their learning in a different context.

Discuss the food items using key language and support pupils with applying the correct naming vocabulary.
