# Representing Numbers to 50

1. Write the correct number in each box.

2. Mo has been writing numbers in different ways. Tick if he is correct.

3 tens and 4 ones

43

forty-one

3 tens and 5 ones

24

For the pairs you didn't tick, explain why they don't match.

For each clue, use the digits **4** , **6** and **3** to make a 2-digit number less than 50.

Clue	Number
A number which has 3 ones:	
A number which would fit between and :	
A number greater than 40:	
The largest number:	
A number with this many tens:
