# Make Ten Number Rods Game

## You will need:

- A partner
- A Number Rods Spinner
- Number rods of different colours

## Instructions

- Take turns to spin the spinner and take a rod.
- Use your rods to make models that show 10.
- The winner is the first person to make three models showing ten.

## Talk About...

How did you check whether your rods totalled 10?

Did you make any tens using more than two rods?

What is the least number of turns you would need to take to win the game?

A number bond diagram illustrating the equation  $6 + \square = 10$ . On the left, there is a green rectangular strip containing 6 white circles arranged in two rows of three. This is followed by a plus sign and an empty square box. To the right of the box is an equals sign, followed by a blue rectangular strip containing 10 white circles arranged in two rows of five.

---

A number bond diagram illustrating the equation  $\square + 5 = 10$ . On the left, there is an empty square box. This is followed by a plus sign and a red L-shaped strip containing 5 white circles (3 in the top row and 2 in the bottom row). To the right of the strip is an equals sign, followed by a blue rectangular strip containing 10 white circles arranged in two rows of five.

---

A number bond diagram illustrating the equation  $5 + \square = 10$ . On the left, there is a red L-shaped strip containing 5 white circles (3 in the top row and 2 in the bottom row). This is followed by a plus sign and an empty square box. To the right of the box is an equals sign, followed by a blue rectangular strip containing 10 white circles arranged in two rows of five.

---

A number bond diagram illustrating the equation  $\square + 8 = 10$ . On the left, there is an empty square box. This is followed by a plus sign and a purple L-shaped strip containing 8 white circles (5 in the top row and 3 in the bottom row). To the right of the strip is an equals sign, followed by a blue rectangular strip containing 10 white circles arranged in two rows of five.

---

A number bond diagram illustrating the equation  $2 + \square = 10$ . On the left, there is a light blue vertical strip containing 2 white circles. This is followed by a plus sign and an empty square box. To the right of the box is an equals sign, followed by a blue rectangular strip containing 10 white circles arranged in two rows of five.
