

POZ

# Take time to POZ

Taking time is not wasting time! In Mauritius, we understand the importance of taking a moment. A moment to sit on a rock and see the light glinting off the lagoon, or to watch the world go by from a bench.

It's not laziness, it is energy. Knowing the importance of taking some time for yourself. So we invite you to slow down, stop and dedicate space for body and mind. That's what POZ (pause) is all about.

We like to spa sustainably. This doesn't complicate matters. In fact, it makes it simple. We know where each flower and herb has come from in the products we use because we asked our local botany experts, Indika, to grow them right here in Mauritius. The setting? These medicinal plants bloom in the Ferney Valley. Add island-sourced coconut, neem and coffee beans, and we've got all the ingredients we need for our scrubs, balms and oils.

In a world where we are always moving on to the next task, it's time to POZ!

Did you know? Our handmade POZ products are organic, 100% natural and wrapped in recyclable packaging!

## our massage rituals

### **Gran mama - A Cocooning massage**

**[90mins]**

When you need comfort, this is the soothing 'Gran Mama' of all treatments! Some Mauritian women used to use a small, stainless-steel bowl called a catora to apply firm pressure to soothe the body's aches. We've worked this technique into our Gran Mama massage and added some old-school classic scents for good measure, so you can breathe in notes of moringa, geranium, neem and rosemary.

### **Ti Balad Dan Ferney - A full body scrub and massage for tired skin**

**[90mins]**

Let's scrub away that tired top layer of skin and reveal the glow! We've hopped over to Ferney to find the finest coffee beans and have created a 100% natural scrub that will revitalise your skin during this full-body exfoliation. The scent might make you yearn for a cup of coffee, too! After a refreshing rinse, it's time for a full body massage. Delicious.

## **Larivyer Tanier - A deeply relaxing massage**

**[90mins]**

Want to wash away any stress, switch off your mind (and possibly have a little snooze)? Like swimming in a cool river (larivyer in Creole), this treatment aims to refresh and revive your body. Using coconut oil, we use deep, slow and rhythmical massage strokes to deeply relax your muscles and lull you into a state of calm (and sleepiness). You can switch off, pause and be happy you've ticked 'time for me' off the holiday to-do list.

## **classic massage**

### **Bois Des Amourettes- Relaxing warm oil massage**

**[50/75mins]**

This classic massage is, well, a classic! It has all the ingredients and elements you need to relax. Large, slow movements using warm massage oil created from coconuts, ylang ylang and Wintergreen essential oils. What's not to love?

### **La Forêt Macondé - Pain and tension relief**

**[50/75mins]**

Feeling stressed out or in pain? If you can feel those knots building up in your shoulders or have any aches and strains, we recommend our deep tissue massage. Using pressure and skilled techniques, we'll ease the tension in your shoulders and do our best to relieve any pain, so you can get on with having fun on holiday! Our blend of peppermint, rosemary and cinnamon oil will get those energies flowing.

## **Poudre d'Or – A massage to banish fluid retention**

**[50/75mins]**

Have your legs swollen after a long flight or day in the sun? Toxins and fluid retention – be gone! We'll use our blend of lemon and curcuma oils to improve your circulation and reduce puffiness during this soothing and draining full body massage.

## **body care**

### **Exfoliating scrub**

**[30mins]**

Looking good is all about the prep! We recommend an exfoliating scrub before any of our body treatments to get that skin glowing. We can create a scrub just for you, telling you about the local ingredients and their properties. Soft, smooth and cleansed. You'll look as good as new.

## **special care**

### **Bel Air - complete let go**

**[75mins]**

Do your hands, feet and head need some attention? Using a blend of techniques, including reflexology, we will aid the body in its own healing process. So lay back and we'll start with finding those pressure points on your feet, moving on to your hands and ending with facial pressure points and a vigorous head massage. We'll use locally-grown peppermint oil, so breathe in the fresh scent and chill.

## **Jet Lag - Ease jet lag and fluid retention**

**[30mins]**

Need a pick me up after a long flight? This is a quick massage to ease fluid retention in your legs and feet. We'll also work on your back, neck and shoulders, soothing away the jet lag. Pair with our Poudre d'Or massage the day after and you'll be holiday-ready!

Developed especially for POZ, our entire product range is 100% natural and made from exotic ingredients and plants carefully grown right here on the island.

Beautiful on the inside, POZ products do good on the outside, too! If you buy one of our care products to take home, you contribute to sustainable actions on the island. We donate 5% of each purchase to the Attitude Foundation and, since 2014, its aim has been to promote local culture, support the Mauritian community and help preserve the island's coastal and marine environment.

Who said that you can only think about yourself when enjoying a spa?  
Certainly not us!

## Spa facilities/Services

The spa is open seven days a week from 9:00 to 20:00 subject to reservations. Children, as from the age of 3 years, are allowed in the spa for treatments but must be accompanied by a parent. Spa facilities are accessible to guests 16 years or older. No nudity in communal areas. It is recommended that you leave valuables in your guest room safe.

## Reservations

We highly recommend booking your treatments in advance to ensure that your preferred time and service are available. Please contact the spa reception to schedule your appointments.

You are advised to arrive 10 minutes before your scheduled booking time. This will allow you time to fill in our Guest Consultation Form, which helps us give you the best treatment possible to meet your goals. Arriving early also allows you to use the spa facilities and prepare your body for treatment.

## Late arrivals

Arriving late will reduce the amount of time you will get to enjoy your treatment and possibly lessen its effectiveness. Your treatment will end at the scheduled time to accommodate the next guest who has scheduled an appointment.

## Cancellation policy

Any cancellation should be communicated to us at least 4 hours before your scheduled booking OR before 18:00 hours on the evening before your scheduled booking. If we are not informed of your cancellation, 50% of the price of the treatment will be charged to you.
