

Prof. Dr. Ensar Zafer Barin

PLASTIC, RECONSTRUCTIVE & AESTHETIC SURGERY

Professor of Plastic, Reconstructive & Aesthetic Surgery with medical education at Ege University and specialty training at Ataturk University. His academic career includes specialist practice, faculty appointments, department leadership, research supervision and peer-reviewed publication activity. Since 2021, he has continued his clinical practice independently in Istanbul.

- 2005** M.D. - Ege University
- 2014** Specialist in Plastic Surgery
- 2021** Associate Professor
- 2026** Professor

Education & Career

ACADEMIC TRAINING / PROFESSIONAL APPOINTMENTS

ENSAR ZAFER BARIN / CURRICULUM VITAE

A career built across medicine, surgery & academia

EDUCATION

1999 - 2005

Ege University

Faculty of Medicine - M.D.

2009 - 2015

Ataturk University

Faculty of Medicine - Plastic, Reconstructive & Aesthetic Surgery

SPECIALTY THESIS - 2015

"Our Results of Hepatic Artery Microanastomosis in Living Donor Liver Transplantations" (A retrospective study of 46 patients)

PROFESSIONAL APPOINTMENTS

2009 - 2015

Research Assistant

Ataturk University Faculty of Medicine

2015 - 2016

Specialist Doctor

Erzurum Regional Training and Research Hospital

2016 - 2021

Assistant Professor

Ataturk University Faculty of Medicine

2021 - 2026

Associate Professor

Private Practice

2026 - Present

Professor

Private Practice

2018-2021

HEAD OF DEPARTMENT

Plastic, Reconstructive & Aesthetic Surgery - Ataturk University

Credentials

LICENSURE / ACADEMIC TITLES / PROFESSIONAL AUTHORIZATIONS

ACADEMIC LEADERSHIP & RESEARCH

Supervised Thesis: Karaduman H., Ataturk University, 2020 | Scientific Research Project: No. 2019/7460, Project Manager, 2019 | Department Head: 2018-2021

Official credentials

A concise record of formal training, academic rank and practice authorization.

- M.D. Diploma**
Ege University Faculty of Medicine
Awarded 12 June 2005
- Specialist Certificate**
Plastic, Reconstructive & Aesthetic Surgery
Completed 11 December 2014
- Associate Professorship**
Plastic, Reconstructive & Aesthetic Surgery
Earned 13 January 2021
- International Health Tourism Authorization**
Republic of Türkiye Ministry of Health
Authorized practice
- Private Practice Suitability Certificate**
Istanbul Provincial Directorate of Health
Private practice approval

CLINICAL PRACTICE

Facial Aesthetic Surgery

FOCUS ON FACIAL REJUVENATION, CONTOUR & HARMONY

The clinical procedure set supplied for this profile centers on facial surgery and in-clinic aesthetic procedures, including rejuvenation, lifting, eyelid surgery and facial contour procedures.

01 Facelift

02 Neck Lift

03 Midface Lift

04 Temporal Lift

05 Brow Lift

06 Upper / Lower Blepharoplasty

07 Mini Facelift

08 Lip Lift

09 Chin Implant

SELECTED PRACTICE NOTES

Hospital stay and recovery support vary by procedure. The supplied surgical guide lists typical recovery/support ranges of 1-3 days or 5-7 days, with hospital stays ranging from outpatient care to two nights.

Academic Activity & Publications
