ONLINE CLASSES FOR TWSD CUSTOMERS

The second in the three-month series of online classes for customers of Triunfo Water & Sanitation District (TWSD) was held on Wednesday, April 14. TWSD partnered with the Metropolitan Water District of Southern California for a class on Turf Removal and Garden Transformation, and the session was led by an instructor from the Green Gardens Group. The presentation included detailed instructions on various techniques of turf removal and recommendations on appropriate native and drought-tolerant replacement plants.

A total of 83 people registered from throughout Southern California, 11 of whom were TWSD customers. Of those, 48 people attended the event including seven TWSD customers.

Promotional efforts are underway and registration is open for the May 12 class on "Fire-Wise Landscaping." The presenter will be a representative from the Resource Conservation District of the Santa Monica Mountains.
