**CONSERVATION PROGRAM**

The Triunfo Water & Sanitation District/Oak Park Water 2010 Urban Water Management Plan requires urban water retailers to meet a goal of reducing water usage 20% by 2020 with an interim goal of 10% by 2015. Attached is a monthly report to compare Oak Park's water usage each month with this year's goal. The chart also contains the projected annual water purchase from Calleguas prorated by month. Staff has included on the chart the FY 19 data as a comparison of the monthly usage for last year.

As a part of the State Water Quality Control Board recent Drought Emergency Regulations activated on July 28, 2014, staff has begun the required monthly reporting. The confirmation for the March reporting is attached. Based on the qualifications reported in the Urban Water Management Plan requirement, staff is calculating the GPCD figures using an 89% residential factor. This factor assumes that 89% of all water consumed in Oak Park is by residential customers. This GPCD data will not match the GPCD data reported as part of the California Urban Water Conservation Council (CUWCC) reporting requirements under the Urban Water Management Planning Act due to the 89% residential factor.

In March 2020 Staff received 173 water conservation calls, 37 violation letters were sent to homeowners, no violations were reported by Oak Park residents, and conducted 7 water audits. A total of 37 resident was notified of a leak on their property.

Recycled water consumption for March 2020 was 32 acre feet compared to 14 acre feet in March 2019.

**Subject:** Monitoring Report Acknowledgement for March 2020

Hello Arik Baharouzi

Thank you for your Monitoring Report. Below is the information you have submitted for the month of March 2020. If this information is incorrect, you can edit the report or re-submit your report for the month with the corrected information. We use your most recently submitted monthly report in our calculations.

Reporter	Arik Baharouzi
Urban Water Supplier(Number)	Triunfo Sanitation District / Oak Park Water Service (519)
Reporting Month	0320
Stage/Mandatory	No
Days Outside Irrigation	7
Total Potable Water Production	116 AF
2013 Same Month Production	203 AF
CII Water	2.59 AF
Commercial Agricultural Water	AF
Commercial Agricultural Water 2013	AF
Recycled Water	32 AF
Non-revenue Water	AF
Residential Use Percentage	89 %
Population	12200
Estimated R-GPCD	88.95
Number Complaints	
Number Follow-ups	
Number Warnings	37
Rate Penalties	
Other Penalties	
Enforcement Actions	
Actions Taken	Instituted use of SmartMeters for data tracking and enforcement
Implementation Comments
