**TWSD EDUCATIONAL OUTREACH –  
OAK PARK MIDDLE AND HIGH SCHOOLS**

**Summary**

As noted at the September 23, 2019 Triunfo Water & Sanitation District (TWSD) Board meeting, staff has partnered with the public relations team at Las Virgenes Municipal Water District to initiate a water and wastewater educational outreach program at schools in the Oak Park Unified School District (OPUSD). Initial response from OPUSD has been favorable; to date, staff has made five presentations at four schools.

At the September 23 meeting, it was suggested that direct contact between the TWSD Board and the OPUSD Board might enhance the overall outreach program. Director Pan was asked to contact the OPUSD Board in this regard. Subsequently, Director Pan suggested to Chair Orkney that a more effective approach would be to contact the principals at Medea Creek Middle School and Oak Park High School and specifically target the subject-related science teachers to coordinate the educational outreach sessions. Director Pan requested that this suggestion be placed on the October 28 Board meeting agenda.

**Recommendation**

It is recommended that the Board discuss Director Pan's suggestion to contact the principals at Medea Creek Middle School and Oak Park High School regarding the water/wastewater educational program and direct staff accordingly.
