CONSERVATION PROGRAM

The Triunfo Water & Sanitation District/Oak Park Water 2010 Urban Water Management Plan requires urban water retailers to meet a goal of reducing water usage 20% by 2020 with an interim goal of 10% by 2015. Attached is a monthly report to compare Oak Park's water usage each month with this year's goal. The chart also contains the projected annual water purchase from Calleguas prorated by month. Staff has included on the chart the FY 19 data as a comparison of the monthly usage for last year.

As a part of the State Water Quality Control Board recent Drought Emergency Regulations activated on July 28, 2014, staff has begun the required monthly reporting. The confirmation for the October reporting is attached. Based on the qualifications reported in the Urban Water Management Plan requirement, staff is calculating the GPCD figures using an 89% residential factor. This factor assumes that 89% of all water consumed in Oak Park is by residential customers. This GPCD data will not match the GPCD data reported as part of the California Urban Water Conservation Council (CUWCC) reporting requirements under the Urban Water Management Planning Act due to the 89% residential factor.

In October 2020 Staff received 181 water conservation calls, 85 violation letters were sent to homeowners, no violations were reported by Oak Park residents, and conducted 19 water audits. A total of 81 resident was notified of a leak on their property.

Recycled water consumption for October 2020 was 93 acre feet compared to 99 acre feet in October 2019.

Subject: Monitoring Report Acknowledgement for October 2020
Date: Thursday, November 12, 2020 7:39:31 AM

Hello Arik Baharouzi

Thank you for your Monitoring Report. Below is the information you have submitted for the month of October 2020. If this information is incorrect, you can edit the report for the month with the corrected information. We use your most recently submitted monthly report in our calculations.

Reporter	Arik Baharouzi
Urban Water Supplier(Number)	Triunfo Sanitation District / Oak Park Water Service (519)
Public Water System ID(s)	CA5610043
Reporting Month	1020
County/Counties	Ventura
Water Shortage Contingency Plan	Minimal
Water Shortage Level	Yes
Population	12200
Total Potable Water Production	213 AF
Commercial Agricultural Water	0 AF
Residential Use Percentage	89 %
CII Water	2.47 AF
Recycled Water	93 AF
Non-revenue Water	0 AF
Estimated R-GPCD	163.33
Qualification
