CONSERVATION PROGRAM

The Triunfo Water & Sanitation District/Oak Park Water 2010 Urban Water Management Plan requires urban water retailers to meet a goal of reducing water usage 20% by 2020 with an interim goal of 10% by 2015. Attached is a monthly report to compare Oak Park's water usage each month with this year's goal.

As a part of the State Water Quality Control Board recent Drought Emergency Regulations activated on July 28, 2014, staff has begun the required monthly reporting. The confirmation for the December reporting is attached. Based on the qualifications reported in the Urban Water Management Plan requirement, staff is calculating the GPCD figures using an 89% residential factor. This factor assumes that 89% of all water consumed in Oak Park is by residential customers. This GPCD data will not match the GPCD data reported as part of the California Urban Water Conservation Council (CUWCC) reporting requirements under the Urban Water Management Planning Act due to the 89% residential factor.

In December 2021 Staff received 265 water conservation calls, 59 violation letters were sent to homeowners, no violations were reported by Oak Park residents, and conducted 6 water audits. A total of 57 residents were notified of a leak on their property.

Recycled water consumption for December 2021 was 30 acre feet compared to 56 acre feet in December 2020.

Subject: Monitoring Report Acknowledgement for December 2021

Hello Arik Baharouzi

Thank you for your Monitoring Report. Below is the information you have submitted for the month of December 2021. If this information is incorrect, you can edit the report for the month with the corrected information. We use your most recently submitted monthly report in our calculations.

Reporter	Arik Baharouzi
Urban Water Supplier(Number)	Triunfo Sanitation District / Oak Park Water Service (519)
Public Water System ID(s)	CA5610043
Reporting Month	1221
County/Counties	Ventura
County Under Drought Declaration	Yes
Water Shortage Contingency Plan	1
Water Shortage Level	Yes
Population	12200
Total Potable Water Production	114 AF
Commercial Agricultural Water	0 AF
Residential Use Percentage	89 %
CII Water	2.62 AF
Recycled Water	30 AF
Non-revenue Water	0 AF
Estimated R-GPCD	87.42
Qualification	
Emergency Response Section Revealed?	Yes
