Washington State Legislative Session Summary Report City of Kennewick April 3, 2022

This is your 2022 Washington State Legislative Session Summary Report. This Report is divided into 4 parts:

- Introduction
- General Bills of High Interest
- Legislative Calendar
- Your Priority Bill Tracker

Introduction

The Washington State Legislature adjourned sine die on March 10 to end its 60-day legislative session. Assisted by historic state revenue projection increases, the Legislature was able to complete its work on time for the fifth year in a row. From the outset, the Legislature stayed focused on its priority issues for the session. Those issues included recovery from the COVID-19 pandemic, addressing equity issues, and investing in transportation, housing and homelessness programs. Ultimately, the Legislature approved comprehensive legislation to address these and other critical issues, and increased spending in the supplemental operating, transportation, and capital budgets buoyed by an unexpected influx of additional state revenues, as described in this *Spokesman Review* article.

Approximately 1,049 bills were introduced this session and 303 of those bills were passed into law. Comparatively, during the 2020 60-day legislative session, nearly 1,500 bills were introduced and 381 were passed into law. The fewer number of bills is primarily due to the fact that this session was held virtually due to COVID-19 meeting restrictions. It is anticipated that the Washington State Legislature will return to an inperson meeting format next year in Olympia.

Governor Jay Inslee (D) has taken action on many of the bills passed by the Legislature. The last day for the Governor to take executive action on bills was April 2, so formal bill action is now complete. Keep in mind that passed bills in Washington State do not require the Governor's signature. If the Governor does not act on a bill after the allotted number of days, it is approved as if it was signed. Approved bills go into effect on or about June 9, 2022, unless otherwise stated in the bill.

Looking ahead to the fall elections in Washington State, 25 of the 49 Senate seats and all 98 House seats will be up for election. Regardless of the elections, there will be significant changes in the Washington Legislature in 2023 with over two dozen legislators already announcing retirements or plans to run for a different office. In addition, there will be a special election to formally fill the Secretary of State's office following Kim Wyman's (R) resignation last year. Former Senator Steve Hobbs (D) was appointed by Governor Inslee to temporarily fill the position until the special election takes place in November. Candidate filing week is May 16 to 20. The Primary Election will be on August 8 and the General Election follows on November 8.

General Bills of High Interest

2022 Supplemental Budgets

- ESSB 5693 is the \$64.1 billion 2022 Supplemental Operating Budget adopted by the House and Senate on March 10. This supplemental budget increases spending by about \$5 billion over the 2021-23 biennium operating budget adopted last year. Some of the higher ticket items included are \$351 million for long-term care facilities, \$252 million to extend the Medicaid transformation project for 5 years, \$232 million for state employee wage increases and compensation changes, \$200 million for reinvestment grants to communities disproportionately impacted by criminal laws & penalties for illegal drug sales and other related issues, and \$150 million to design and implement a state student loan program. The adopted supplemental operating budget does not include a sales tax holiday and some other tax relief ideas that were floated this session, as noted in this Seattle Times article. Governor Inslee signed the bill on March 31, 2022 with some partial vetoes.
- <u>SSB 5651</u> is the 2022 Supplemental Capital Budget. This budget invests \$1.5 billion in priority infrastructure, as noted in this Senate Democrats' <u>blog</u>. The largest investments are in the areas of housing (\$442 million), water (\$251 million), infrastructure (\$200 million), broadband (\$100 million), school seismic safety (\$100 million), and behavioral health and crisis stabilization (\$98 million). A full list of the supplemental budget highlights can be viewed <u>here</u>. Governor Inslee signed this bill on March 31, 2022.
- ESSB 5689 is the 2022 Supplemental Transportation Budget adopted by the House and Senate on March 10. A side-by-side comparison of the House and Senate budget proposals as compared to the final 2022 supplemental transportation budget can be found here. Governor Inslee signed this bill on March 25, 2022.
- ESSB 5974 (resources) and SSB 5975 (spending) constitute the "Move Ahead Washington" Transportation Funding Package. The 16-year, \$17 billion transportation revenue package was adopted by the House and Senate on March 10. In lieu of the controversial export fuel tax included in the Senate proposal, the final package relies on annual transfers of \$57 million from the Public Works Assistance Account and \$57 million from the General Fund, as explained in this Seattle Times article. The adopted "Move Ahead Washington" package includes \$1.2 billion for a replacement bridge between Washington State and Oregon, as outlined in this The Columbian article. Other big spending items include \$1.29 billion for active transportation (bikes & pedestrians), \$3 billion for transit programs and projects, \$517 million for alternate fuels and electrifications, and \$162 million for rail. Governor Inslee signed these bills on March 25, 2022.

Business & Labor

- SHB 1732 delays implementation of the Washington Long-Term Cares Act, including employers' obligation to deduct premiums from employee pay, until July 1, 2023. The previously passed Act requires employers of Washington employees to collect a 0.58 percent payroll tax from all employees with collections previously set to begin on January 1, 2022. Under the new law, any premiums already collected from Washington employees in 2022 are to be refunded within 120 days of being collected. Governor Inslee signed this bill on January 27, 2022.
- <u>ESHB 1733</u> requires that the Employment Security Department begin accepting and approving applications for voluntary exemptions to the Washington Cares Act on January 1, 2023. These exemptions exceed those available under the Act as originally passed. Importantly, military spouses,

employees with nonimmigrant visas, and employees who reside in another state but work in Washington may request an exemption from the premium deductions. This bill was signed by the Governor on January 27, 2022.

- ESSB 5980 eliminates the B&O tax for small businesses that make less than \$125,000 per year. This bill was signed by the Governor on March 31, 2022.
- <u>ESSB 5761</u> requires that an employer must disclose in each posting for each job opening the wage scale or salary range, and a general description of all the benefits and other compensation to be offered to the hired applicant. This bill was signed by the Governor on March 30, 2022.
- 2SSB 5649 modifies the Washington State Paid Family & Medical Leave (PFML) Act by changing allowable purposes for leave and characterization of leave in certain circumstances. It also expires the collective bargaining agreement exception contained in the PFML program; requires the Employment Security Department to publish a list of employers with approved voluntary plans on its website; and contains provisions on short-and long-term actuarial services assessing the financial condition of the PFML program to maintain financial stability of the family and medical leave insurance account. This bill was signed by the Governor on March 30, 2022.
- ESB 5901 creates a manufacturing and research and development sales and use tax incentive program for targeted counties. The bill expands the warehouse sales and use tax exemption to include warehouses over 100,000 square feet in targeted counties, caps the maximum amount of sales and use tax that may be exempted for the construction or expansion of any warehouse or grain elevator at \$400,000, and expires the warehouse sales and use tax exemption on July 1, 2032. Governor Inslee signed the bill on March 31, but he also issued a broad partial veto that eliminates, in part, expansion of the sales tax deferral on large projects across much of the state and the \$400,000 cap. This bill was signed by the Governor on March 31, 2022, with this partial veto.

Environment & Natural Resources

- <u>ESHB 1694</u> designates firefighting personal protective equipment as a priority consumer product for perfluoroalkyl and polyfluoroalkyl (PFAS) chemicals under the Safer Products for Washington program. This bill was signed by the Governor on March 31, 2022 with this partial veto.
- <u>SSB 5722</u> requires the Department of Commerce to adopt state energy management and benchmarkingrequirements for certain buildings with the goal of reducing greenhouse gas emissions and state energy management and benchmarking requirements for buildings between 20,000 and 50,000 square feet and to multifamily residential buildings larger than 50,000 square feet (tier 2) by December 1, 2023. This bill was signed by the Governor on March 25, 2022.
- E2SHB 1799 establishes state goals related to organic materials management and requires county solid waste plans to identify priority areas and a volumetric capacity for managing organic materials in a manner consistent with state goals. The bill also requires certain local governments to provide source-separated organic materials collection services, and certain businesses to arrange for organic materials management services. Finally, it makes numerous changes to the program establishing standards related to the labeling of plastic and compostable products. The bill was signed by the Governor on March 25, 2022.

Transportation

• <u>ESHB 2076</u> establishes minimum per mile, per minute, and per trip rates for drivers of transportation network companies (TNCs) and provides drivers with paid sick time and workers' compensation

- coverage. It also creates uniform statewide regulations of TNCs and a fund for a Driver Resource Center to, among other things, support drivers in resolving disputes related to account deactivations. This bill was signed by the Governor on March 31, 2022 with this partial veto.
- E2SHB 1099 adds a goal of environmental resiliency to the listed goals of the Growth Management Act (GMA) and adds environmental resiliency to the list of elements that must be included within the comprehensive plans certain counties and cities must adopt under the GMA. The bill also requires the climate change and resiliency element of the comprehensive plan of certain counties and cities to identify actions the jurisdiction will take, consistent with guidelines adopted by Commerce, to reduce GHG emissions and vehicle miles traveled. Finally, it requires the climate change and resiliency element of the comprehensive plan of certain counties and cities to address the adverse impacts of climate change on people, property, and ecological systems and specifies the process by which the GHG emissions reduction subelement of the climate change and resiliency element takes effect. This bill did not pass, but the issue is likely to be back in 2023.

Housing & Homelessness

- <u>SB 5868</u> expands the use of the public facilities' sales and use tax in rural counties to include affordable workforce housing, which is intended to give local governments another way to address the housing shortage. This bill was signed by the Governor on March 24, 2022.
- <u>ESHB 1660</u> requires cities and counties fully planning under the Growth Management Act to allow for the construction of accessory dwelling units. After passing the House, the bill died in the Senate. It is likely that similar legislation will be introduced in 2023.
- <u>SSB 5818</u> intends to promote housing construction in cities through amendments to and limiting appeals under the Washington State Environmental Policy Act and Growth Management Act. This bill was signed by the Governor on March 30, 2022.

Law & Justice

- SHB 1735 relates to modifying the standard for use of force by peace officers, but only with respect to providing that physical force may be used to the extent necessary. It clarifies that deadly force may be used in the face of an immediate threat, and authorizes the use of physical force to take a person into custody to provide assistance in certain circumstances involving a civil or forensic commitment. The Governor signed this bill on March 4, 2022.
- <u>HB 1719</u> relates to modifying the restrictions on the use and acquisition of military equipment by law enforcement agencies as it pertains to firearms and ammunition, but only with respect to removing the restriction on ammunition, narrowing the restriction on firearms to include only rifles of .50 caliber or greater, and clarifying that the restrictions do not apply to shotguns, devices designed or used to deploy less lethal munitions, and less lethal equipment. The Governor signed the bill on March 4, 2022.
- ESHB 2037 modifies the standard for use of physical force by peace officers by defining "physical force" and authorizing peace officers to use physical force in additional specific circumstances. The Governor signed the bill on March 17, 2022.
- <u>SSB 5644</u> requires the University of Washington to assess capacities and training opportunities of coresponders who arrive at the scene with police officers. A co-responder is non-law enforcement
 personnel, such as a mental health worker, who responds alongside a police officer, fire fighter, or EMS
 worker to the scene of an emergency that would traditionally be responded to solely by law
 enforcement. This bill was signed by the Governor on March 30, 2022.

Cyber & Technology

During this session two data privacy bills were linked so that both needed to pass for either to take effect. The linkage of 2SHB 1850 and proposed amendments to 2SSB 5062 energized efforts to move the privacy issue forward near the end of session. But despite late breaking negotiations to find common ground related to limitations on a private right of action in 2SHB 1850, the House did not have the votes to move its bill. Legislators have tried to pass such legislation for the last four years, but have been unable to do so. We expect to see data privacy bills introduced again during the 2023 session.

- <u>2SHB 1850</u> creates the Washington State Consumer Data Privacy Commission vested with administrative powers, and rulemaking and enforcement authority to implement and enforce 2SSB 5062. It also permits a consumer to bring an action for violations of 2SSB 5062 after the administrative enforcement process determines that a violation has occurred and if specified requirements are met. Finally, the bill imposes an annual fee on controllers and processors of personal data. This bill did not pass.
- <u>2SSB 5062</u> establishes consumer personal data rights of access, correction, deletion, data portability and opt-out of the processing of personal data for specified purposes. It also defines obligations for controllers and processors of personal data and identifies controller responsibilities, including transparency, purpose specification, data minimization, security, and nondiscrimination. The bill further provides that violations are enforceable by the Attorney General under the Consumer Protection Act and subject to civil penalties, and creates a private right of action for certain violations and limits remedies to appropriate injunctive relief. This bill did not pass.

State Government

- SB 5909 authorizes the Majority and Minority Leaders of the Senate, and the Speaker and Minority Leader of the House (Legislative Leadership) to terminate a State of Emergency (SOE) if it has been in effect for more than 90 days and the Legislature is not in session; authorizes Legislative Leadership to terminate a prohibition in a Governor order related to the SOE when the Legislature is not in session; and makes permanent the Joint Legislative Unanticipated Revenue Oversight Committee. This bill did not pass.
- ESHB 2124 creates the Office of State Legislative Labor Relations (OSLLR) to conduct labor negotiations on behalf of the Legislature as employer of legislative employees and requires the OSLLR to study and report on options for the Legislature to implement collective bargaining for legislative employees. It also requires collective bargaining with legislative employees to begin no earlier than May 1, 2024, with the first agreements taking effect no sooner than July 1, 2025. The Governor signed the bill on March 31, 2022.
- <u>SB 5615</u> designates pickleball as the official state sport. Governor Inslee signed the bill on March 28, 2022.

Local Government

- <u>E2SSB 5796</u> restructures cannabis revenue appropriations to agencies, local governments, and the State General Fund to provide transparency and accountability, and to increase community infrastructure and investment. This bill was signed by the Governor on March 24, 2022.
- ESHB 1329 requires many public agencies to provide remote access to governing body meetings and requires governing bodies to provide an opportunity for public comment at or before every regular meeting at which final action is taken, except in emergency situations. This bill was signed by the Governor on March 24, 2022.

Health Care & Behavioral Health

- 2SSB 5532 establishes the Prescription Drug Affordability Board (Board); requires the Board to identify
 prescription drugs priced above a certain threshold; and authorizes the Board to conduct affordability
 reviews of identified drugs and set upper payment limits beginning in 2027. Governor Inslee signed the
 bill on March 24, 2022.
- <u>E2SHB 1688</u> aims to protect consumers from charges for out-of-network health care services. The bill
 expands the services covered by the balance billing prohibitions to include post-stabilization services
 and air ambulance services in alignment with federal law. It also expands the definition of emergency
 services to include post stabilization services and emergency services provided by behavioral health
 emergency services providers. This bill was signed by the Governor on March 31, 2022.
- <u>SSB 5883</u> allows an unaccompanied homeless youth (not in the physical custody of a parent or guardian) who is under the age of majority, who is not otherwise authorized to provide informed consent, and is unable to obtain informed consent through a school nurse, school counselor, or homeless student liaison, to provide informed consent for nonemergency, outpatient, primary care services. This bill was signed by the Governor on March 31, 2022.
- <u>E2SHB 1868</u> requires the Department of Labor and Industries to regulate and enforce hospital staffing committees and minimum staffing standards; establishes minimum staffing standards for specific patient units; and amends the meal and rest breaks and overtime provisions for health care employees. This bill did not pass.

Firearms

- ESHB 1630 prohibits the open carry of weapons while knowingly being in a local government building
 used in connection with meetings of the governing body of the local government, or any location of a
 public meeting of the governing body during the meeting or hearing. It also prohibits the carrying and
 possession of weapons in areas of facilities while being used for official meetings of a school district
 board of directors and in election-related offices and facilities. This bill was signed by the Governor on
 March 23, 2022.
- ESSB 5078 prohibits the manufacture, importation, distribution, sale, and offer for sale of large capacity magazines, subject to exemptions; establishes that violations of these restrictions are a gross misdemeanor; and provides that distributing, selling, offering for sale, or facilitating the sale, distribution, or transfer of a large capacity magazine online is actionable under the Washington Consumer Protection Act. This bill was signed by the Governor on March 23, 2022.

department's first ever so within the Kennewick Fir objectives of the plan incomplete of a shadow of the plan incomplete of a shadow of the plan incomplete of a shadow of the plan incomplete of the plan inc	In September of 2021, the Kennewick Fire Department hired BERK Consulting to assist with the creation of the fire department's first ever strategic plan. Over the past six months, a strategic planning team comprised of eighteen individuals within the Kennewick Fire Department have worked closely with BERK to develop the final version of the plan. The five key objectives of the plan include: 1. Development of a shared mission, vision, and values; 2. Establishment of measurable goals with strategies that provide KFD with clear direction and focus; 3. A clear link to the five City of Kennewick Council priorities; 4. An opportunity for our customers to provide input in the development of our plan and future direction; 5. A framework that will ensure our plan is a living document that can be updated and revised in the years to come. The attached presentation is intended to provide you with an overview of the final version of the strategic plan. An electronic copy of the final version of the plan has also been included.

City Manager's Message

Dear Citizens of Kennewick,

Kennewick is growing, evolving and continues to be a bright spot in our State. We remain well-positioned for the future due to strategic planning efforts, Council leadership, and strong community partnerships – all of which have helped us to be resilient and prepared for continued success.

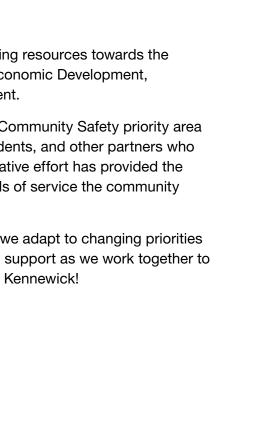

Our Budgeting by Priorities model has also been invaluable in aligning resources towards the highest needs in the City's five priority areas: Community Safety, Economic Development, Infrastructure & Growth, Quality of Life, and Responsible Government.

Fire and Emergency Medical Services are a key component of our Community Safety priority area and I would like to express my appreciation to the businesses, residents, and other partners who contributed to the development of this Strategic Plan. This collaborative effort has provided the framework to ensure a sustainable path forward to provide the levels of service the community expects.

The Strategic Plan is also a living document that can be revised as we adapt to changing priorities and community needs. We look forward to your ongoing vision and support as we work together to sustain the wonderful and safe quality of life we are able to enjoy in Kennewick!

Sincerely

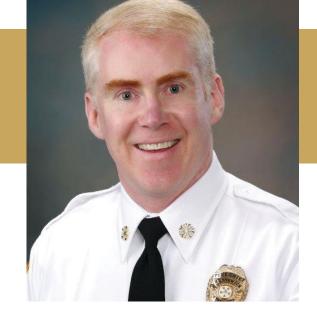

Marie Mosley City Manager

Fire Chief's Message

Dear Kennewick Community,

This is Kennewick Fire Department's (KFD) first strategic plan, constructed by a diverse group of KFD personnel with differing opinions, ranks, and experiences. The following Goals and Strategies are a direct result of input we gathered from the community, including the public at large and a diverse mix of stakeholders. I am grateful to everyone who contributed to the development of this Plan.

As one of eight departments in the City of Kennewick, we recognize the importance of working collaboratively with the other departments that comprise the City and ensuring our goals and priorities are aligned with the City's five priority areas, as described in detail on page 8.

KFD currently provides emergency and non-emergency services to a population nearing 86,000 people. Over the past four years, the City has experienced a nearly 7% percent growth in population. By the year 2040, Kennewick's population is expected to increase another 36% to 117,000 residents. With the growth we have already experienced placing a high demand on our system, it is imperative we not only meet current needs, but also develop a sustainable system to meet the demands of the future.

This Plan is a living document that will serve as our road map for the next five years. We look forward to working closely with our community in the years ahead to ensure Kennewick continues to be a great place to live, work, and recreate.

Sincerely

Chad Michael Fire Chief

City of Kennewick Vision, Mission, and Values

As a department of the City of Kennewick, we work tirelessly in support of the City's Vision, Mission, and Values. KFD's Vision and Mission on the next page nest under and reinforce those of the City, shown below.

City Vision

An exceptional quality of life, premier infrastructure, and sustainable Vision make Kennewick an attractive place to live, do business and visit. Kennewick is welcoming, safe, and family-friendly, and features a variety of housing options, employment opportunities, and community activities and services. We are inclusive and value diversity, civic engagement, and community partnerships. We encourage walkable and bikeable neighborhoods and convenient access throughout the city. Kennewick will continue to lead the way in creating a vibrant community and economy for generations to come.

City Mission and Values

The City of Kennewick will provide excellent public service and ensure the safety and wellbeing of our community and one another through the empowerment of each employee. We value integrity, inclusiveness, stewardship, and communication. We are accountable to our community for innovative and collaborative efforts that anticipate needs, leverage resources, and deliver solutions.

City Values

Integrity

We hold ourselves to the highest standard of professionalism and ethical conduct.

Inclusiveness

We embrace diversity and value different perspectives as we work together for the common good.

Stewardship

We ensure the public's resources are used responsibly to provide the greatest benefit.

Communication

Communication: We listen and engage in an open, honest, and timely exchange of information.

Kennewick Fire Department Vision, Mission, and Values

Our Vision is aspirational, describing a desired future for the Department and for the Kennewick community. Our Mission more narrowly reflects our current capacity and focus on fire and life safety and emergency response. Goal 5 of this Plan contains strategies to provide more robust non-emergency services over time. As we develop the ability to provide these services, we will add them to our Mission.

Our Vision

We strive to be trusted, respected, and valued. We seek to preserve community safety and enhance quality of life by providing premier emergency and non-emergency services.

Our Mission

We partner with our community to proactively reduce risk and mitigate fire and life safety emergencies for those who live, work, and recreate in and around the City of Kennewick.

KFD Values

Our organizational values, shown below, define what we stand for and will not stand for. These are our core beliefs and they are infused into everything we do. We hold each other accountable to our values and we invite our community to hold us to these same high standards.

Honor

We are guided by principle and strong ethics.

Selflessness

We are driven to serve others with compassion.

Competence

We are trained, disciplined, and effective.

Kennewick City Council Priorities

The City Council of Kennewick has identified five priority areas that support the Mission and Vision for the City, shown below.

City of Kennewick's Priority

Community Safety

Continue to ensure the safety of our community by maintaining current service levels and partnerships.

Economic Development

Support existing businesses and the creation of sustainable family wage jobs.

Infrastructure and Growth

Maintain existing infrastructure and build new infrastructure to support economic development and expansion.

Quality of Life

Maintain parks, provide for diverse entertainment options, offer recreation programs for a well-planned community.

Responsible Government

Provide exceptional public service, stewardship, transparency, and a sustainable future.

KFD's Focus on City Council Priorities

The Goals and Deliverables in this Plan were constructed to align with the City's five priority areas, as described below.

KFD's Focus

Community Safety

Community safety is central to everything we do. It's essential to our Vision and Mission and is the primary focus of Goal 1.

Economic Development

Through commercial building inspections and building plan review for new developments, KFD helps individual businesses, neighborhoods, and our entire community thrive economically.

Infrastructure and Growth

KFD is an essential part of the City of Kennewick infrastructure that supports the ongoing safe growth of our community.

Quality of Life

Our Vision for the Kennewick community describes a high quality of life supported by strong public safety services and we aim to support a high quality of life and a positive work experience for all members of the KFD team.

Responsible Government

As a department of the City of Kennewick, we strive to embody the ideals of good governance and responsible stewardship of public resources. These principles are foundational to Goals 3 and 4.

Four Years in Review

NOVEMBER 2018

Won Firehouse Magazine's National Fire Station Design Gold Award for Fire Station #5

MARCH 2020

Established strategies to protect emergency personnel and public from COVID-19

2020

JUNE 2020

Refined Wildland Urban Interface fire prevention program to distribute information to 490 homeowners

JANUARY - MAY 2021

Collaborated with regional agencies at the Benton County Fairgrounds **COVID-19 Mass Vaccination Site**

SEPTEMBER 2021

Completed construction of new Fire Station #3

APRIL 2022

Completed 5-year Strategic Plan

2022

SEPTEMBER 2019

Improved Washington Surveying and Rating Bureau (WSRB) rating from a Class 4 to a Class 3, which can lead to lower insurance rates for residents and business owners depending upon the insurer.

JULY 2020

Purchased land and began design on new Fire Station #1 with administration building

2021

2019

SEPTEMBER 2018

Hired 12 additional firefighters via a federal \$2.3M Staffing for Adequate Fire and **Emergency Response** (SAFER) Grant

MARCH 2019

Revisited public education campaign in apartment complexes to reduce potting soil fire risk

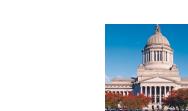

OCTOBER 2019

Purchased additional portable radios via a \$28,700 grant from Firehouse Subs Foundation

OCTOBER 2020

Completed comprehensive assessment of the Fire Training Center building and grounds to better make informed decisions regarding deferred maintenance and future needs

NOVEMBER 2021

Finished 5-Year Training Plan and 5-Year Fire Training Center Plan

JULY 2021

Adapted to an increase in call volume for mental health-related calls resulting from new law enforcement legislation, including HB 1310

Plan Implementation

This Strategic Plan will guide KFD for the five years between 2022 and 2026. KFD will designate roles, follow an annual implementation cycle, and monitor key performance indicators over time to ensure the direction and aspirations of the Plan translate to decisions and resource allocation in the real world.

Roles

Community. KFD exists to serve the Kennewick community, and this Strategic Plan is designed to enable KFD to continuously improve the service it provides. Regular community input and engagement will be essential to effective plan implementation, and the community will have the opportunity to review KFD progress through progress reports.

City Manager. The City Manager will oversee the Fire Chief in implementing the Strategic Plan and help ensure that KFD's efforts are aligned with City priorities and resources.

Implementation Team. This team, comprised of the Fire Chief, Objective Leads, and other key KFD staff, will track plan progress and develop the annual Implementation Plan. Members of the Implementation Team will champion the Plan to ensure it guides KFD's operations. These leaders will help KFD embed the Strategic Plan in the language of the organization, referring to it often and placing visual reminders of the Plan in stations and administrative space.

- Fire Chief. The Fire Chief will be accountable for overall plan implementation and reporting.
- Objective Leads. A lead or co-leads for each Objective will represent their Objective in the Implementation Team, monitor their Objective's progress throughout the year, and serve as a point of contact for staff

KFD Staff. The active participation of all KFD staff will be essential to successful implementation of this Strategic Plan.

Annual Implementation Planning

At the beginning of each calendar year, the Implementation Team will develop a 1-year Implementation Plan that will identify how the Department will operationalize the Plan within the context of City budgeting and policy-setting. Each year's updated Implementation Plan will help ensure the Strategic Plan is a living document that best meets emerging needs and opportunities.

To develop the annual Implementation Plan, each year KFD will:

- 1. Review the prior year's progress toward the Plan's Goals, Strategies, and Objectives.
- 2. **Report on plan progress and Key Performance Indicators** to the Kennewick City Manager, Kennewick City Council, KFD staff, partners, and community members. This may include publication of an annual report and update to Council, delivery of semiannual or quarterly progress updates at KFD staff meetings, and ongoing updates to the City Manager during workplan meetings
- 3. **Identify specific, tactical priorities** to continue to advance toward the Goals, Strategies, and Objectives in the coming year in alignment with the City of Kennewick's budget for the year. These Tactics will be noted in KFD's internal annual workplan documents and used for management purposes throughout each calendar year while this higher level external-facing version will remain unchanged during the 5-year plan timeline.

Timeline

Each Objective in this Plan has been assigned a timeline for completion as described below. This phasing reflects the level of effort required to complete an Objective, rather than prioritization. High-priority tasks may be assigned a long-term timeline if completion will require significant investment over time.

SHORT-TERM: To be completed in 1–2 years.

MID-TERM: To be completed in 3–4 years.

LONG-TERM: To be completed in 5+ years. Completion of these Objectives will extend beyond the 5-year horizon of this Strategic Plan.

Key Performance Indicators

Each Goal in this Strategic Plan is accompanied by Key Performance Indicators that can be used to determine if the Department is on track. These indicators may include Deliverables and Outcomes:

- Deliverables are specific products, such as the completion of a study or a number of community meetings. KFD directly controls these outputs.
- Outcomes are internal or external results, such as shorter turnout times or a reduction in falls in older adults. Outcomes result from KFD's deliverables and other efforts to implement this Strategic Plan. KFD directly controls internal outcomes and indirectly controls external outcomes.

Strategic Plan Overview

GOAL 1

Strengthen our core emergency response, supporting functions, and proactive community risk reduction efforts.

- A. Evaluate our service response protocols and future service demands to ensure efficient use of resources.
- B. Address increasing mental health-related calls to ensure the ongoing safety and wellbeing of KFD staff and customers.
- C. Coordinate with neighboring fire departments and other providers.
- D. Strengthen our current proactive programs to address our most frequent and/or highest-risk hazards.
- E. Identify, prioritize, and implement strong support functions.
- F. Support regional emergency preparedness efforts.

GOAL 2

Cultivate a healthy, safe, and productive work environment.

- A. Prioritize the health of KFD individuals.
- B. Leverage training and professional development to hone the competency of our team and build a shared culture of excellence.
- C. Enhance our ability to learn and improve as individuals and as an organization.
- D. Streamline and strengthen internal communications.
- E. Expand our recruitment efforts to reach hiring candidates who represent Kennewick's community, including the diversity of languages spoken in Kennewick.

GOAL 3

Enhance our Mission through effective administration, technology, and data-based decision making.

- A. Strengthen administrative functions to ensure the most efficient use of resources.
- B. Improve our deployment of technology.
- C. Improve our use of data to respond to emerging issues and plan for long-term service delivery.

GOAL 4

Sustain and improve our services by planning for funding challenges and opportunities.

- A. Maximize the efficient use of existing funding.
- B. Collaborate with City of Kennewick leadership and elected officials to establish a sustainable funding mix.

Lay the groundwork to enhance our community engagement efforts.

- A. Enhance our media presence to share educational content and build public awareness of KFD.
- B. Increase our ability to serve and communicate with our non-English speaking community members.
- C. Build staff capacity and partnerships with community organizations to expand our reach.

1

Strengthen our core emergency response abilities, support functions, and proactive community risk reduction efforts.

As Kennewick grows,
KFD is seeing an increasing
demand for services that is
directly related to the growth
occurring in our community.
We commit to making the
most efficient use of existing
resources, strengthening our
service delivery through strong,
interdisciplinary collaboration,
and identifying the need for
additional resources when
the continued safety of our
community requires it.

LEGEND: TARGET TIMELINE FOR COMPLETION OF OBJECTIVES

- SHORT-TERM
- MID-TERM
- ☐ LONG-TERM

STRATEGY A: Evaluate our service response protocols and future service demands to ensure efficient use of resources.

- i. Review current deployment protocols to identify opportunities for resource efficiency.
- ii. Conduct a Community Risk
 Assessment (CRA), Standard
 of Cover (SOC) study, and
 Emergency Medical Services
 (EMS) study to determine
 resource needs and triggers for
 potential staffing modifications.
- iii. Define clear goals and scopes of services for special teams and departmental divisions.
- iv. Adjust response time goals, resource deployment locations, and/or staffing levels based on CRA, SOC, and EMS study findings as well as Council policy direction.

STRATEGY B: Address increasing mental health-related calls to ensure the ongoing safety and wellbeing of KFD staff and customers.

- i. Communicate regularly with Kennewick Police Department, regional partners, and decision-makers to adapt to updated emergency response protocol per recent legislative changes.
- ii. Develop policies and training to guide staff in determining the situations in which KFD does or does not engage.
- iii. Explore strategies and collaborate with partner agencies to address the growing impacts of mental health challenges and drug use on our community.

STRATEGY C: Coordinate with neighboring fire departments and other providers.

- i. Review current mutual and auto aid agreements to ensure they continue to mutually benefit all partners and best serve our customers.
- ii. Coordinate with other regional special teams to avoid duplication of infrequently-needed services and ensure operational effectiveness during larger-scale incidents.
- with neighboring fire and emergency service providers to respond to calls with the appropriate effective response force based on the call nature.
- iv. Adhere to national best practices regarding standardizati on of training, equipment, and service delivery among regional fire departments.

KEY PERFORMANCE INDICATORS

DELIVERABLES

- Adoption of a Kennewick Fire Department Standard of Coverage
- Kennewick Municipal Code that addresses the policy, procedure, and trigger for administering financial disincentives for unwanted and nuisance fire alarms
- Placement of public access Automatic External Defibrillators (AEDs) in all public buildings of 25,000 sq. feet or greater with an approved occupancy of 50 people or more
- Regional policies and operations manuals for special teams

OUTCOMES

- Updated turnout and response time performance measures for all call natures that require measurement according to Chapter 35.103 RCW
- A reduction in response to unwanted and nuisance fire alarms
- Public deployment of public access AEDs on all cardiac arrest events that occur in buildings with public access AEDs
- Regional special team training that ensures team members from each agency can operate efficiently and effective together during emergency incidents

1

STRATEGY E: Identify, prioritize, and implement strong support functions.

- i. Determine key areas that can be best addressed by support functions in an effort to gain capacity for training and proactive community work.
- ii. Initiate a Public Health Resource Navigator Program.

STRATEGY F: Support regional emergency preparedness efforts.

- i. Strengthen local Incident Command System (ICS) competency by identifying opportunities to support staff in joining regional Incident Management Teams.
- ii. Improve and refine training with regional partners to prepare for large-scale incidents and disasters.
- Develop planning and response capabilities with core City departments based on the National Incident Management System.

STRATEGY D: Strengthen and modify our current prevention programs and efforts to address emerging challenges and the highest-risk hazards.

- i. Develop and implement a program to address unintentional and unwanted residential and commercial fire alarms.
- ii. Support the City and other regional partners to address public safety needs associated with the growing unhoused population.
- iii. Work with development stakeholders and the Housing Authority to address critical fire and life safety concerns without impeding growth, development, and needed housing.
- iv. Create and implement a handsonly CPR educational program for large groups.
- v. Partner with the Kennewick School District to deliver youth safety programs that include:
 - Fire safety
 - Stop the bleed
 - Hands-only CPR and first aid training

- **vi.** Identify partnerships to amplify public education.
- vii. Expand public access to AEDs.
- viii. Target priority community risk reduction subjects that need to be addressed through concentrated public education efforts and proactive programs, including:
 - Multifamily Dwelling Renters
 Fire Safety
 - Homeowner Fire and Life Safety
 - Small Business Fire Prevention and Emergency Preparedness
 - Wildland/Urban Interface Preparedness

LEGEND: TARGET TIMELINE FOR COMPLETION OF OBJECTIVES

■ SHORT-TERM

■ MID-TERM
□ LONG-TERM

2

Cultivate a healthy, safe, and productive work environment

An effective fire department relies on staff who are well-trained, healthy, and satisfied. We strive to cultivate a work environment that inspires staff to continuously learn and grow and supports the health and wellbeing of our workforce.

LEGEND: TARGET TIMELINE FOR COMPLETION OF OBJECTIVES

- SHORT-TERM
- MID-TERM
 LONG-TERM

STRATEGY A: Continue to prioritize the health of KFD personnel.

- i. Create opportunities to strengthen connections and develop a shared sense community among KFD staff.
- ii. Coordinate with other regional departments to strengthen mental health support for staff through adoption of research-based practices and support from peers and professionals.
- iii. Provide education and training on firefighter functional fitness, cardiovascular training, healthy eating, and proper sleep to reduce risk of injury to staff and increase the probability of a high quality of life post-retirement.
- iv. Implement a fit-for-duty standard for incumbent staff and provide time and equipment for routine conditioning.

- v. Continue to implement best practices in firefighter cancer prevention.
- vi. Reevaluate the program that identifies the root cause of reported occupational injuries and implement strategies to reduce injuries.

STRATEGY B: Leverage training and professional development to hone the competency of our team and build a shared culture of excellence.

- i. Enhance the effectiveness of the Training Division by increasing its capacity and formalizing its role.
- ii. Continue to refine and improve the 5-Year Training Plan to address gaps and update shortterm, medium-term, and longterm goals.
- iii. Establish department-wide expectations and a framework for training, including a quarterly training focus and room for some flexibility.
- iv. Develop opportunities for regional Training Officers to work together to eliminate redundancy, increase capacity, and address operational readiness needs.

STRATEGY C: Enhance our ability to learn and improve as individuals and as an

organization.

- i. Create systems to encourage and consider staff suggestions for improvements in services, resource efficiency, and internal culture and systems.
- ii. Evaluate a process for Valuesbased 360° reviews of all staff, focused on their professional development.
- iii. Address succession planning and professional development by providing roadmaps and mentoring for staff on different career paths.
- iv. Identify skill development opportunities to support individual growth for current positions and future promotions.

KEY PERFORMANCE INDICATORS

DELIVERABLES

- A fit-for-duty standard
- A joint KFD/Kennewick Police Department Peer Support Team
- A formalized plan that outlines the knowledge, skills, and abilities needed to be successful in each position

OUTCOMES

- Reduced time loss due to occupational job injuries, and early detection of life altering medical problems
- Mental health support for personnel
- Career roadmap for personnel outlining requirements for success in the position(s) they aspire to hold

STRATEGY D: Streamline and strengthen internal communications.

- i. Evaluate communications modes and content to streamline communications to staff.
- ii. Enhance opportunities for twoway communication between leadership and teams.

STRATEGY E: Expand recruitment efforts to reach candidates who represent Kennewick's community and the diversity of languages spoken in Kennewick.

- i. Streamline the hiring process and reduce barriers to encourage a diverse array of qualified candidates.
- ii. Collaborate on recruitment efforts with community partners that have an interest in assisting.

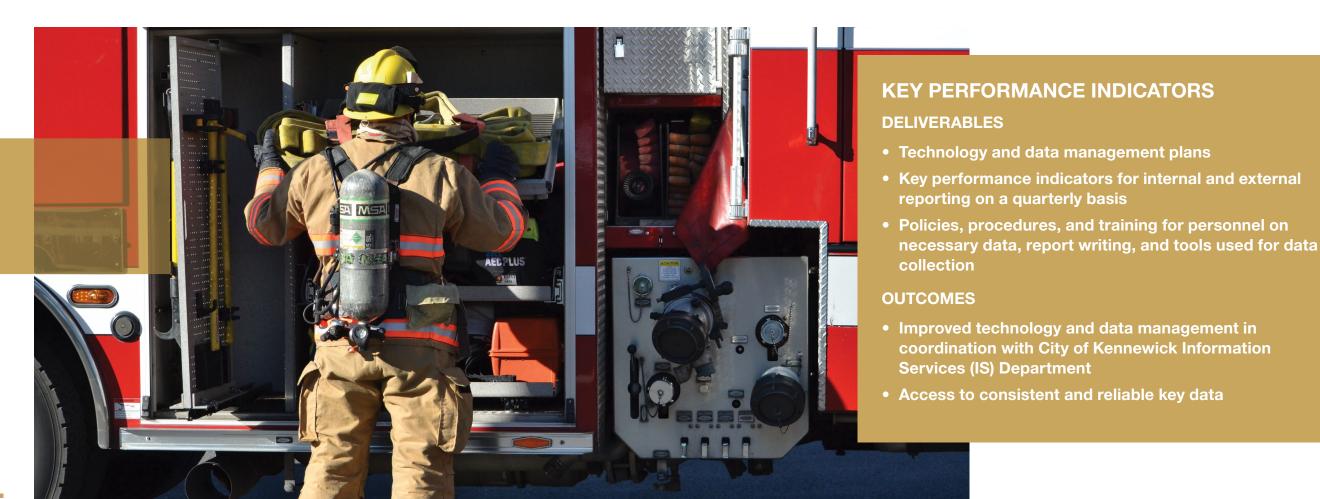

Enhance our Mission through effective administration, technology, and data-based decision making.

We depend on strong administrative support and the effective use of technology and data to provide quality emergency response services. We recognize data-based decision making provides our Department with the opportunity to generate real-time insights and predictions in order to optimize and measure performance.

LEGEND: TARGET TIMELINE FOR **COMPLETION OF OBJECTIVES**

- SHORT-TERM
- MID-TERM
- LONG-TERM

22

STRATEGY A: Strengthen administrative functions to ensure the most efficient use of resources.

- and effectiveness of internal workflows through the Lean and Six Sigma methodologies.
- ii. Identify and plan for administrative staffing needs.

STRATEGY B: Improve our deployment of technology.

- Coordinate with City of Kennewick IS to standardize efficient and effective processes to address IT-related needs.
- ii. Work with City of Kennewick IS and other stakeholders to establish a timeline and funding plan for replacing and enhancing hardware and software, including the integration of emerging technology when appropriate.
- iii. Review and plan resource needs for data analysis and database maintenance.

STRATEGY C: Improve our use of data to respond to emerging issues and plan for long-term service delivery.

- i. Streamline and communicate metrics to monitor and report internally and externally.
- Provide initial and ongoing training and resources for staff in proper field use of technology, field data collection, data entry, and report writing.
- iii. Streamline data collection and quality control processes throughout the Department.
- iv. Identify and implement software and hardware for efficient data mining and to leverage trend analysis.

i. Continue to improve the efficiency

4

Sustain and improve our services by planning for funding opportunities and challenges.

Financial resources allow us to efficiently provide high-quality services. We understand and appreciate the importance of being fiscally responsible and good stewards of taxpayer funding. Our aim is to diversify our funding to ensure the long-term sustainability of service provision.

LEGEND: TARGET TIMELINE FOR COMPLETION OF OBJECTIVES

- SHORT-TERM
- MID-TERM
- ☐ LONG-TERM

STRATEGY A: Maximize the efficient use of existing funding.

- i. Identify potential inefficiencies based on departmental priorities and the service level adopted by Council.
- ii. Ensure accurate accounting of costs associated with all current contracts, agreements, and ongoing operational expenses.
- budgeting process, including the costs of items and equipment.
- iv. Work with internal stakeholders to develop a capital replacement plan for large and small capital.

STRATEGY B: Collaborate with City of Kennewick leadership

- i. Identify strategies to address operational and capital needs with existing revenue streams.
- ii. Identify and pursue grant opportunities for programs, projects, equipment, apparatus, and personnel needs, ensuring that a sustainable funding path exists for items that are mission-critical.
- iii. Articulate current and future KFD operational and capital funding needs, including risks and potential emergency needs.
- iv. Evaluate cost of service issues and challenges.

- i. Identify strategies to address
 v. Evaluate potential funding
 - vulnerabilities including the
 Ground Emergency Medical
 Transportation (GEMT) program,
 the Ambulance Utility Tax, and
 the potential shift to value-based
 fee structure for Medicare and
 Medicaid funding.
 - **vi.** Pursue additional private/public partnerships.

5

Lay the groundwork to enhance our community engagement efforts.

In line with our Vision of providing premier emergency and non-emergency services, we aspire to enhance our programming and community engagement efforts to prevent emergencies before they happen and strengthen our relationship with the community we serve. Current resource constraints and a need to prioritize our core emergency response and community risk reduction programs mean that many of these efforts are phased for later implementation.

LEGEND: TARGET TIMELINE FOR COMPLETION OF OBJECTIVES

- SHORT-TERM
- MID-TERM
- LONG-TERM

STRATEGY A: Enhance our media presence to share educational content and build public awareness of KFD.

- Evaluate public education/ information delivery models that would best fit within our community.
- ii. Explore opportunities to increase internal capacity for emergency and non-emergency media requests and proactive information distribution.
- iii. Increase public communications via social media platforms, the KFD website, television, and radio.
- iv. Collaborate with internal and external partners to mutually amplify general public communications.

STRATEGY B: Increase our ability to serve and communicate with our non-English speaking community members.

- i. Develop communications materials in Spanish.
- ii. Consider technologies that can support in-field translation of different languages.
- iii. Explore incentives to encourage staff to engage in online and class-based Spanish language training.

STRATEGY C: Build staff capacity and partnerships with community organizations to expand our reach.

- i. Establish a baseline snapshot of current and needed engagement capacity.
- ii. Train staff to work with community partners.
- iii. Create a landscape map of regional community groups and their areas of focus to identify potential partners.

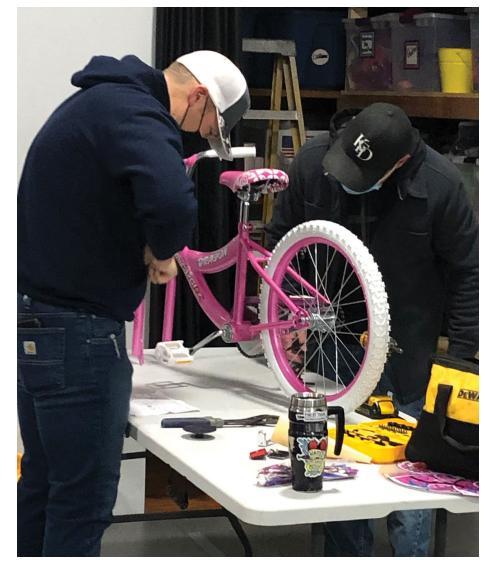

KEY PERFORMANCE INDICATORS

DELIVERABLES

 KFD informational materials, educational materials, and social media content in Spanish and English

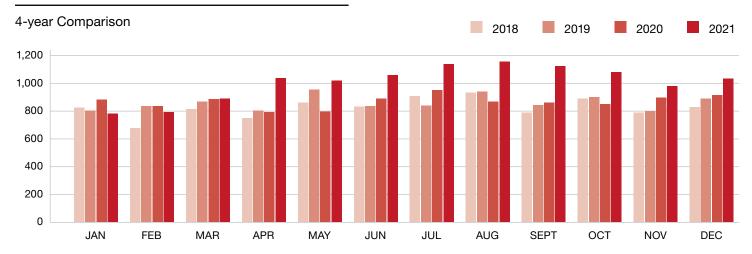

OUTCOMES

 The ability to connect with the majority of the citizens of Kennewick in the language they prefer

KFD 2022-2026 Strategic Plan

Strategic Plan Workshop Objectives

- Feedback from Planning Participants
- Review of Project Objectives
- Review of Project Purpose
- Project Timeline
- Our Outreach Efforts
- Vision, Mission, and Values
- Five Overarching Goals
- Strategies, Timelines, and Responsible People

Planning Participant Perspective

The Planning Team consisted of 18 KFD personnel intentionally selected for diversity of thought, experience, rank, etc.

Three participants invited to speak about their own personal experience with the project:

- BC Jake Van Horn
- Captain Connor Webb
- Firefighter Brian Carter

Review of Project Objectives

- Development of shared Mission, Vision, and Values
- Establishment of measurable goals with strategies that provide KFD with clear direction and focus
- A clear link to the five City of Kennewick Council priorities
- An opportunity for our customers to provide input in the development of our plan and future direction
- A framework that will ensure our plan is a living document that can be updated and revised in the years to come

Review of Project Purpose

KFD developed a strategic plan because:

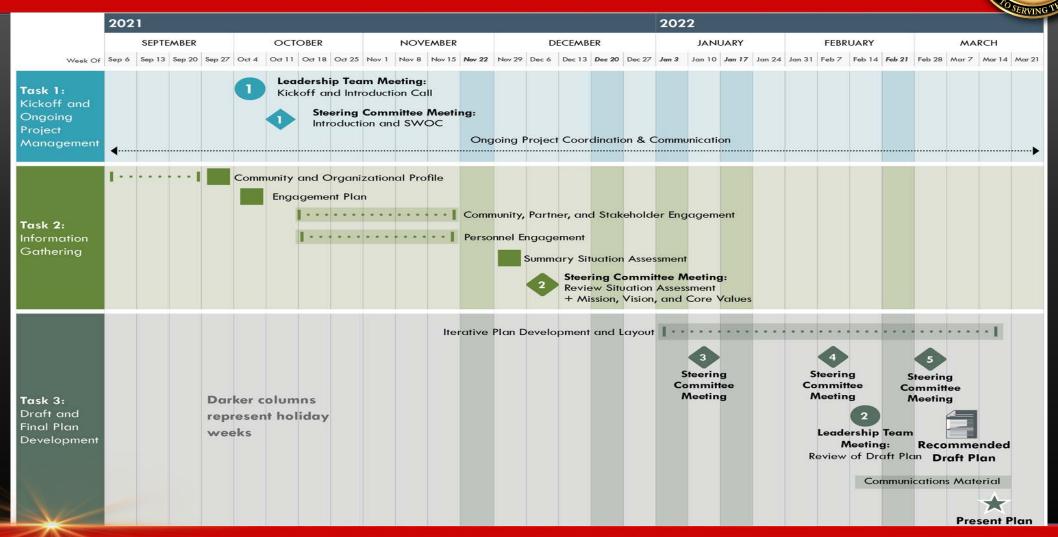

- Our community is evolving; we must continue to evolve to serve it well
- We can't "do it all," given real-world constraints
- We need a shared understanding of practical "to-dos," both in operations planning and organizational development

The objective is alignment around:

- A shared vision for the future
- What matters most and what we will do and not do

Project Timeline

Our Outreach Efforts

Stakeholders Contacted:

- Adult Care Providers
- Business and Industry
- City Departments
- Community Leaders
- Education Providers
- Emergency Service Providers
- Medical Service Community Providers

Additional outreach included:

- Staff Survey
- Community Survey

Stakeholder Type	Organization or Agency	Interviewee(s)			
Adult Care Providers	Adult Care Community DSHS	Laurel Knight, Complaint Investigator, Residential Care Services

Our Vision

We strive to be trusted, respected, and valued. We seek to preserve community safety and enhance the quality of life by providing premier emergency and non-emergency services.

Our Mission

We partner with our community to proactively reduce risk and mitigate fire and life safety emergencies for those who live, work, and recreate in and around the City of Kennewick.

Our Values

Honor

We are guided by principle and strong ethics

Selflessness

We are driven to serve others with compassion

Competence

We are trained, disciplined, and effective

Five Overarching Goals

- Core Services
 - Strengthen our core emergency response, support functions, and proactive community risk reduction efforts
- Staff Well-being
 Cultivate a healthy, safe, and productive work environment
- Effective Administration
 Enhance our Mission through effective administration, technology, and data based decision making

- Funding
 - Sustain and improve our services by planning for funding opportunities and challenges
- Community Engagement
 Lay the groundwork to enhance our community engagement efforts

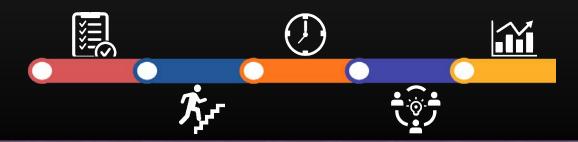

Strategies, Timelines, Responsibilities & KPIs

Other important elements of the plan include:

- Strategies
 Activities required to achieve department goals
- Objectives
 Steps identified to accomplish strategy activities
- Timelines
 - Short-term (1-2 yrs.)
 - Mid-term (2-4 yrs.)
 - Long-term (5+ yrs.)

- Responsibility
 Various individuals assigned to monitor and report Objective progress
- Key Performance Indicators (KPIs)
 Measured deliverables and outcomes

2021 Financial Review

Kennewick City Council Workshop April 26, 2022

Fund Accounting

A system of accounting used by nonprofit organizations, particularly governments. Because there is generally no profit motive with these entities, accountability is emphasized rather than profitability. Instead, the main focus is stewardship of financial resources received including compliance with legal requirements. Individual funds are established to ensure accountability and that expenditures are made for designated purposes. Revenues must be raised and expended in accordance with special regulations and legal restrictions. Budgets are adopted and recorded in the accounts of the related fund.

Fund Types

General Governmental Funds:

- o **General Fund**: to account for financial resources not required to be accounted for in another fund.
- Special Revenue Funds: to account for legally restricted resources.
- Capital Projects Funds: to account for financial resources to be used for acquisition or construction of capital facilities.
- Debt Service Funds: to account for resources accumulated for the repayment of debt.

Proprietary Funds:

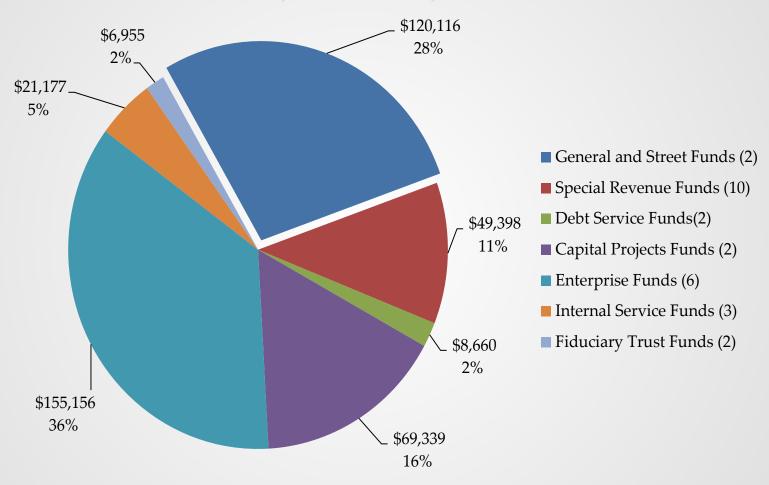

- o **Enterprise Funds**: to account for operations that are financed and operated in a manner similar to a private business.
- o **Internal Service Funds**: to account for financing of goods or services provided by one department to another within the government.

Trust & Agency Funds:

 Fund used to account for assets held by a government in a trustee capacity.

2021/2022 Adj. Budget – All Funds

(In Thousands)

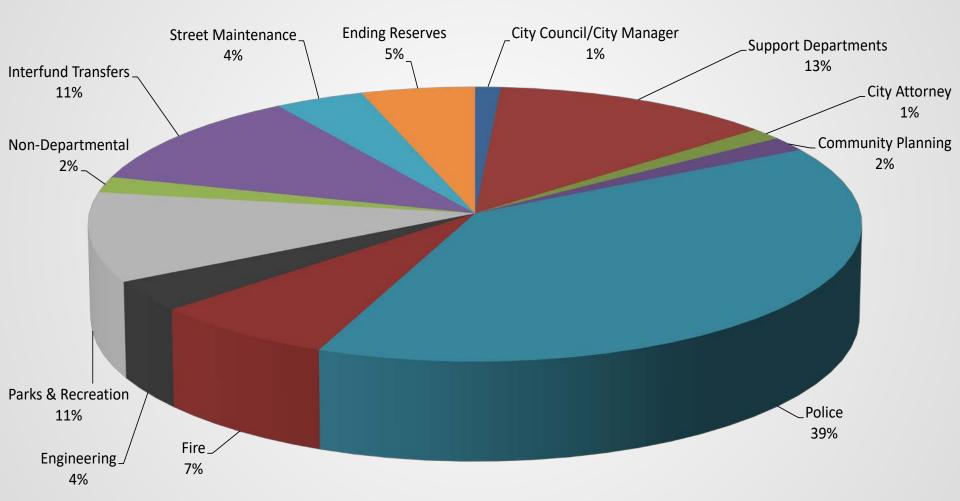

Total 2021/2022 Adjusted Budget = \$430,800,619

General & Street Funds

- o Police
- o Fire Suppression & Inspection
- o Planning
- o Economic Development
- o Engineering
- o Parks & Recreation
- o Street Maintenance
- Support & Administration Functions (e.g. City Manager & Council, City Attorney, City Clerk, Finance & Customer Service, Purchasing, Information Systems, Human Resources)

21/22 Adj. Budget – General/Street Funds

(In Thousands)

2021/2022 Adjusted Budget = \$120,116,213

Operating Indicators

City Attorney

Criminal Cases Filed & Prosecuted – 2,282 (PY - 2,621)

Police

Calls for Service – 98,653 (PY - 107,305)

Number of detective/cases handled - 1,080 (PY - 1,025)

<u>Finance</u>

Utility Bills Processed – 153,344 (PY -150,664)

<u>Fire</u>

Total Calls/Incidents - 10418 (PY - 10,309)

Structure Fires Requiring Suppression – 82 (PY - 130)

Parks & Recreation

Total Program Participants - 36,566

City Facilities Maintained - 312,600 Sq. Ft.

Park/Greenway Acres Maintained - 724 acres

Public Works

Street Lane Miles Maintained – 824 (PY - 778)

Water Treatment Plant, Gallons Produced – 4.1 billion /11.3M per day

Wastewater Treatment Plant, Gallons Treated - 2 billion /5.3M per day

Community Planning/Building Safety

Building Permits Issued – 1,992, resulting in 12,155 inspections (PY - 2,206/13,921)

Operating Funds Highlights

- Revenue increase of 0.2% (approx. \$116K)
 - o Tax revenue increased 9.4% (\$3.7M)
 - Sales tax incr. citywide by 17.9% (\$2M)
 - Property taxes incr. 3.1% (\$415K)
 - Overall utility taxes incr. 3.9% (\$364K), despite declines in telephone
 - Gambling taxes incr. 137% (\$424K)
 - Admissions taxes incr. 70% (\$170K)
 - Intergovernmental revenues decr. by \$3.5M due to one-time Coronavirus, Aid, Relief and Economic Security (CARES) Act Coronavirus Relief Funds (CRF) received in 2020
 - o Charges for services incr. 0.6% (\$26K) due to ability to conduct more recreation programs/activities
 - o Fine & forfeiture revenue decr. 11.6% (-\$87K) due to ongoing impacts of pandemic & closure of District Court in 2020 through early 2021
 - Miscellaneous/facility rental revenue incr. 63.2% (\$168K) due to relaxation of statewide COVID restrictions/closures

Operating Funds Highlights (Cont'd)

- Expenditure reduction of 1.6% (approx. \$862K)
 - o Increase in salaries & benefits of 3.3% (approx. \$1.1M)
 - Began filling all vacant positions
 - Restoration of part-time/seasonal labor
 - o Increase in supplies of 9.5% (approx. \$126K)
 - Inflationary increases in supplies, restoration of rec programs
 - o Reduction in other services & charges of 1.5% (approx. -\$170K)
 - Budget structure changes for NW HIDTA Fiduciary
 - Reduction in jail and district court assessments
 - Offset by incr. in tree maintenance, new KPD body/dash cam program
 - o Decrease in transfers out of 23% (approx. \$1.9M)
 - Medical Service Fund (Ambulance Utility)
 - Risk Management Fund
 - Capital Program
 - o Capital outlay decr. by \$55K
 - Consisted entirely of Community Center improvements

Operating Funds Highlights (cont'd)

- Ending fund balance > reserve req.
 - One-time funding opportunity
- Increased strategic reserve to \$3.1M

- Opportunities & Vulnerabilities:
 - o One-time Federal Funding via ARPA and other federal grant opportunities
 - o Long-term COVID-19 economic impacts/inflation
 - o Pavement preservation program lack of dedicated funding
 - o Future unfunded legislative mandates/impacts from state budget

- •To appropriate for the City's match for a Transportation Improvement Board (TIB) grant for the Deschutes/Col. Center Blvd. intersection.
- •To appropriate for increased fuel costs due to recent volatility in gas prices.

American Rescue Plan Act

ARPA Guiding Principles

- Avoid creating new programs or add-ons to existing programs that require an ongoing financial commitment
- Use of ARPA funds to cover operating deficits caused by COVID-19 should be considered temporary; other actions may be necessary to achieve/maintain structural balance in future budgets
- Investment in critical infrastructure is particularly well suited use of ARPA funds because it is a non-recurring expenditure that can be targeted to strategically important long- term assets that provide benefits over many years
- o Take a methodical approach:
 - Leverage other dedicated grants and programs first and save ARPA funds for priorities not eligible for other federal and state assistance programs
 - Ensure regional initiatives are complimentary
 - Spread use of funds over the qualifying period (through December 31, 2024) to enhance budgetary and financial stability
 - Allow time for further federal guidance on eligible uses

ARPA Funding Allocations

- Aid to Tourism, Travel and Hospitality Industries:
 - o Travel Bloggers Exchange (TBEX) Event Sponsorship \$25K
- Public Safety:
 - KPD body worn/vehicle cameras \$1.2M (net of GF portion)

General Obligation Debt

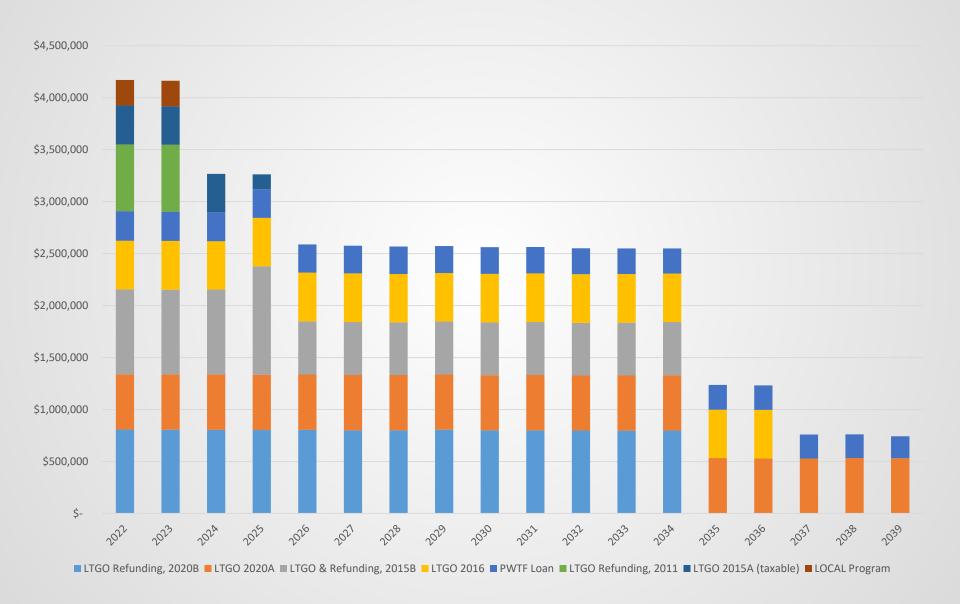

General Obligation Debt Capacity

- Local governments in Washington State have limited debt authority under state law:
 - Non-voted debt: (councilmanic) cannot be greater than 1.5% of assessed value (AV) for the jurisdiction
 - Voter-approved debt: cannot be greater than 2.5% of AV <u>and</u> calculation is inclusive of non-voted debt
 - o An additional 2.5% of AV is authorized for voter-approved debt for open spaces, parks, and capital facilities, as well as utilities
- City of Kennewick Non-Voted Limit 12/31/21:
 - o Current AV of \$8,429,184,256 x 1.5% = \$126,437,764
 - o Less: o/s general obligation debt @ 12/31 = (\$34,291,848)
 - Less: o/s debt of the KPFD guaranteed by City = (\$6,226,397)
 - 12/31/2021 Non-Voted Debt Capacity = \$85,919,519
