Being mindful of privacy rights regarding department of health employees and to avoid any potential liability on the part of the speaker, the board discourages references to specific individuals.

While directing your comments or questions to the board, please understand that the public comment portions of the meeting are not structured as question and answer sessions but rather are offered as opportunities for you to share your thoughts with the board. The board president may need to refer an issue to the health officer representing the department of health if the particular issue has not been handled through the appropriate chain of command with the department of health before coming to the board for a response.
