

Product Safety Recall

Dorel recalls Arch accessory of Feeding Booster JAY PLUS

Product: Feeding Booster JAY PLUS

Brand: Maxi Cosi

Reference: 2023158110 Maxi Cosi JAY PLUS
2023159110 Maxi Cosi JAY PLUS

Batch number: all batches

Sales: from 1 July 2025 to 10 October 2025

Geographic sales area: Europe and Export

Sales to: distributors, importers and consumers

Why is this product dangerous?

Reason for recall: the end of the toy arch on the removable tray may break after several manipulations and release small parts.

Hazard: risk of ingestion

What to do?

Stop using the toy tray immediately and safely discard the toy arch.

The Maxi-Cosi Jay Plus booster seat and its standard feeding tray (without the removable toy tray) remain completely safe for daily use

Remedies for consumers

A reinforced replacement toy arch will be sent to you, so you can continue to enjoy all the functions of your Jay Plus.
