

# Product Safety Recall

## Dorel recalls Maxi-Cosi FamilyFix Slide Pro base

**Product:** FamilyFix Slide Pro Base

**Brand:** Maxi-Cosi

**Reference:** 8065057110

**Manufactured:** 20 August 2025 - 24 March 2026

**Geographic sales area:** Europe and Export

**Sales to:** Distributors, importers, and consumers

### What risk does this product pose?

A visual indicator on the base may be disrupted if the car seat is not detached in the intended way. If this occurs, the indicator may not function as expected during the following installation.

This may mean that although the indicator is green, the car seat might not be properly connected to the base.

### What to do?

Check if your base is affected using our online tool: <https://www.maxi-cosi.co.uk/c/check-your-product>

If your base is affected, we will arrange for your replacement base to be sent as soon as possible.

While waiting for a replacement base, it is possible to continue to use the base and compatible car seats safely, choosing one of the following options:

- a) Manually double-checking the attachment at both the front and back of the car seat to ensure it is properly secured to the base at each installation, rather than relying solely on the visual indicator. The unlocking handle at the front of the base can be re-activated to reset the attachment if necessary. [Manual Installation Guide](#)
- b) Install the [Coral Slide Pro](#) or [Pebble Slide Pro](#) using the vehicle's seat belt.

## Remedies for consumers

To process your return, we ask you provide your base **Serial Number** followed by your **Full Name, Mailing Address, Phone Number, Email Address, and Language/Country**.

Once your return is processed, you will receive a prepaid shipping label.

When your replacement base arrives, you can simply place the original base in the box and send it back to us.
