8/23/2021 9:06 AM	<p>Hi, my name is Charles Perkins. I'm a local Ash pavilion, and I'm calling to talk about the Charlotte street development, which if I understand correctly is being voted on in this meeting. And I just wanted to say that if the zoning measures get approved in a meeting that is happening remotely in the middle of a pandemic that people can't really show up to or participate in, that's going to be something the city council is going to regret. I just, I don't think it's a good idea to decide to pass that measure in, in the middle of the night like this. I, I don't think it's a good move for the city council. Peop people are going to resent that because everyone is overwhelmed and stressed out right now. And they're, they're going to miss this boat. But I also think it is time to vote against this measure and quit with this development and stop with this zoning because no one wants it. And I guess what I'm saying is if you try to smuggle this through in the middle of the night, it's going to be very damaging to the community. And so if you are going to vote today, please just kill this thing. So we can go on with our lives and enjoy Charlotte street. Like we always have. That's all I've got to say. Okay, bye.</p>	Public Hearing D
