

Bev & Kim

Dear expectant mother,

**THANK YOU SEEMS WAY TOO SIMPLE TO EXPRESS THE
DEPTH OF OUR GRATITUDE TO YOU.**

We cannot even try to imagine how difficult this decision will be for you. We appreciate you taking the time to consider us as prospective parents for your child. We feel you are considering adoption from a place of love, compassion, kindness, understanding, and hope.

Should you choose us, we can promise we will always be by your baby's side through any obstacles they may encounter during their life's journey. We will love him or her unconditionally and are committed to doing the best we can for them-always! Our home is full of laughter and love, and we can't wait to share that with your child.

Our marriage is built on love, trust, honesty, open communication, commitment, friendship and having fun.

Together with our three year old son who is also adopted, our dog, Reese, and our cat , Beauregard, we are hoping to grow our family. Our son is so excited to be a big brother to his future brother or sister and would love your baby as much as we do. We would truly blessed to have the opportunity to raise your child. We want you to know you will always have a special place in all our hearts. Please know your baby will be raised in love, surrounded by family and friends that will support them unconditionally and the opportunities to create beautiful memories as a family.

WITH LOVE AND GRATITUDE,

Bev & Kim

ABOUT US

Our story

We met 17 years ago while working together. We instantly developed a special connection and amazing friendship that has been the foundation of our love story for the 16 years.

We were married in 2017 on the beach in a small, casual wedding. In 2013, our jobs brought us to a suburb of a large city in Georgia.

We relocated in 2020 before the birth of our son to an area with better school districts for our children.

Bev is a regional director for large company that specializes in kidney care. She has a passion for helping others, especially children. Kim is a regional recruiter for a national tree company and works from home giving us lots of flexibility in order to support our family.

OUR *big* MOMENTS

BEV'S favorites

AS TOLD BY KIM

Fate brought us together when we worked together 17 years ago. We both have very similar values, morals and goals, which is why we became such great friends and is still the basis of our marriage today. Bev is the most kind, unassuming person I have ever met. These amazing qualities allow her to make connections with others easily. We are teaching our son these same qualities, to be kind to everyone.

Meet Kim

AS TOLD BY BEV

Kim is passionate about her family first and foremost. She loves hard and has a laugh that lights up the room. She loves football, the beach and just chilling at home. She strives to live a life where she always tries to look for opportunity to give back and teaches our son this as well. Kim is the one that keeps our family grounded.

Why adoption?

**ADOPTION IS AN OPPORTUNITY FOR US
TO SHARE OUR LOVE AND GROW OUR
FAMILY.**

After talking about children for many years, our adoption journey began back in 2019 for the first time.

We were blessed with our son in late 2020. Open adoption is important to us, and we have made sure Zander's birth family knows the door is always open. We are fortunate to keep in touch with his biological great-grandmother. We both have longed to expand our family and give him the opportunity to be big brother.

Kim and I grew up in loving homes full of traditions and wonderful memories that we are instilling in the family we have created together.

**OUR HOME IS FILLED WITH THE ENERGY
OF OUR TODDLER SON AND THE LOVE OF
OUR FUR BABIES.**

We are a family with lots of shared interests, like our love for the beach, paddle boarding, movie dates, football games, concerts, community theatre, and of course...Disney.

We both love spending time with our family on trips and visits. Both of families love our son with all they have and can't wait to add to our family.

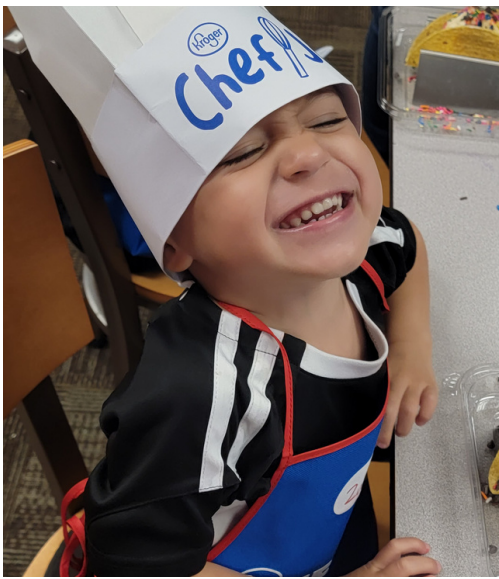

We love Sundays at our house. During football season it's all about football...either watching our favorite team or going to a game. Before it gets too cold, we love to watch on the TV on the porch. In the winter, it's chilling by the fireplace. The summer is all about the water and being at the beach or pool.

This is us.

MEET Zander

Zander is our sweet, loving, and energetic son!

Zander is fascinated with books - he loves story time. He plays soccer in the fall and takes swim classes in the summer, and he has so much fun being active. Zander goes to preschool where he especially enjoys STEM classes. He loves to be helpful, especially in the kitchen, and he is so excited to become a big brother!

WE LOVE
our families

We love going to visit family in Florida throughout the year to enjoy the beach and just relax.

During the holidays, we all enjoy watching the Macy's Thanksgiving Day parade and making homemade noodles at Thanksgiving, or watching the Disney parade at Christmas with our matching shirts or pjs.

We also frequently travel to Ohio and Tennessee to visit family and enjoy our favorite local foods and activities with them.

MEET

Bev's Family

Bev was mostly raised by her mamaw and was a driving force in her life. She passed away in 2020 and that was a big impact on her life. She was the kindest person and Bevs tries to live by that with the people in her life.

We are close with Bev's dad's parents, her dad passed away when she was only 3. Bev's aunts, uncles, and cousin are all big parts of her life.

MEET *Kim's Family*

Kim is surrounded by love and support of her family. Her mom, or Nana as we call her, is a huge part of life as her dad was before he passed away early on in our relationship.

Kim was a daddy's girl and deeply misses him and his big bear hugs and love he freely gave. We love spending time with her brother and his family along with her extended family.

Our home

SWEET HOME

**WE LIVE IN A TWO -STORY HOME IN A
FAMILY- FRIENDLY, CULTURALLY
DIVERSE COMMUNITY.**

Our neighborhood has a community park and several large parks nearby that we frequent. We live in a quaint, small- town where we enjoy attending community events. We are also close enough to the city to enjoy all it has to offer as well. We have a large backyard to run around and along with a small playset, sandbox and a screened back porch that we love to watch TV and relax on.
