Number of pages: 1 (One)

Attachments: 1 (One)

1. With reference to Event Regulations, Appendix A – Penalty P23 Speeding in a control zone (competitive only).

PLEASE DELETE the time penalty which states “1 min per km/h”  
PLEASE ADD, refer to Art 8.9 V I, II, III & IV Speed control zone protocols.

2. With reference to Event Regulations, Appendix A – Penalty P24 Repeated offences.

PLEASE ADD, refer to Art 8.9 V g.

3. With reference to the Event Regulations, Art 7 VIII Tyres.

During Pre-event Scrutineering, the organizers will introduce a tyre marking zone. All competitors must bring all the rally tyre's they intend to use for marking, using tyre decals during scrutineering. This is part of the scrutineering process and is mandatory. The tyre decal stickers will be provided by the organizer.

4. With reference to Technical Regulations, Art 4.1.7 – A snorkel may be fitted for which one hole may be made in the engine bonnet, not exceeding 75mm diameter.

PLEASE ADD - such a snorkel fitting must not enter into the cabin of the vehicle, but can be supported along the exterior side of the windscreen pillar.

5. This year, we will be introducing a new seal unit to mark and identify the engine block. For this, we request you all to make a provision by drilling a hole of no more than 2mm diameter, in the cylinder block, prior to presenting the vehicle to scrutineering. The seal should be in a fairly accessible location for ease of installation and reading of the seal, during the event. For ease of locating a suitable place on the engine block, kindly refer to the attachments showing how such a seal will be attached.

6. Furthermore, a scrutineering schedule will be released closer to the rally, to ensure we spread the workload over the days prior to the start of the event, and not to have the technical team overwhelmed all at once. Request for a later scrutineering time must be done in writing to the Clerk of Course, no later than Monday 18<sup>th</sup> October, 2021.

Raju Chaggar  
Clerk of Course
